GROWING HAPPINESS, THANKS TO YOU...

To Our New Avant Flora Gardener,

A sincere thank you from the entire team at Avant Flora. Our mission has always been focused on spreading the love and passion we have for gardening, and your support allows us to keep pursuing that purpose.

Here at Avant Flora, we take pride in our carefully chosen selection of plants and blooms. Not only are they vibrant and gorgeous, but our plants are also easy-to-grow and care for. We get that in today's fast-paced world, combining style with convenience is key.

Thanks once more for choosing Avant Flora. We are genuinely thrilled to be a part of your new gardening tradition and we hope your time spent planting & watching the flowers grow bring you moments of peace and relaxation.

Happy Gardening!

The *Avant Flora* Team

Our Goal is Your Gardening Success

Avant Flora assures your satisfaction on annuals for 90 days and perennials for 1 year from the time of shipping. If you're dissatisfied, Avant Flora will replace your plant with a similar or comparable one at no charge. If your replacement is unavailable or it's too late to ship, it will ship the following shipping season.

Please email us if you have any questions or need gardening coaching with our product(s).

For additional plant care & information, please visit our website.

PLANTING & GROWING GUIDE

Thriller, Filler, Spiller

Thriller, Filler, & Spiller Collection

Bold Blooms & Bright Thrills...

Discover botanical bliss with our newest collection! The yellow canna highlights tropical elegance, while the lantana enchants with multicolor clusters, attracting butterflies and humming-birds. Completing the trio, creeping jenny offers a ground-hugging contrast with trailing golden-yellow foliage. Elevate your garden with this unique blend of colors and textures, creating an eye-catching masterpiece.

Plant Reference Guide:

Plant Type:	Annual
Light / Sun:	Full Sun
USDA Zone:	8 to 11 - *Canna/Lantana* 3 to 8 - *Lysimachia*
Height:	3 to 4 Feet
Width:	2 to 3 Feet
Bloom Time:	Spring to Late Summer

Quick Tips & Advice:

- Be sure to plant in full sun.
- Loves hot summers and moist well-drained soils.
- Space 12 to 24 inches apart - if you're using a container, use one that's wide enough to space out the plants.
- Perfect combo for baskets!
- A pollinator favorite!

3-Piece Collection Includes:

- Canna x generalis 'Cannova® Yellow'
- Lantana camara 'PassionFruit'
- Lysimachia nummularia (*Creeping Jenny*)

Planting Instructions:

1. Unpack and water immediately. Until ready to plant, keep plants in a bright indoor location & water frequently to prevent soil drying. Wait to plant until after the last frost.
2. Choose a planting location based on your plants' needs. This collection likes full sun. They will also need about 12 to 24 inches of space to grow.
3. Prepare the ground. Remove nearby weeds and grass. Mix in compost or a slow release fertilizer.
4. Dig a hole twice as wide and twice as deep as the pot.
5. Remove your pot by laying it sideways; gently massage the pot, then slowly slide it from the root ball.
6. Hold the plant in the dug hole & match the plant's soil level with the ground.
7. Fill hole with loose soil and press softly, but frmly to compact the plant base.
8. Water thoroughly right away.

Continuing Care:

- Water frequently the first few weeks after planting and during dry spells.
- Apply slow-release fertilizer at the beginning of the season.
- After Canna-flowering is complete, prune back to the highest leaf to encourage re-flowering.
- May survive winter in warm, southern and coastal states.
