## HP BD-2000 Blu-ray Disc Player

The HP BD-2000 Blu-ray Disc Player brings an exceptional high definition experience to your home theater environment. It lets you enjoy your favorite DVDs and Blu-ray Discs with incredible picture quality, or listen to CDs with some of the highest-quality audio.

The HP BD-2000 plays Blu-ray Disc movies in full HD 1080p resolution and up-scales the quality of your DVDs. It supports BD-Live™ technology which allows you to download extra content from the Internet\*, such as games, subtitles, trailers, special features and more. When viewing a BonusView™ compatible disc, you will have access to special features such as movie commentaries in a separate window (picture-in-picture). This allows you to simultaneously watch your favorite movie along with bonus features. With the built-in USB 2.0 port, you can connect a USB drive containing photos and movie files, and then enjoy them on your big screen TV.

\* Internet access is required and sold separately.

### Creative & Fun

Superb Blu-ray Picture Quality

- Enjoy Blu-ray movies with superior 1080p HD quality

DVD Upconversion

- Play your existing DVDs on your HDTV with 1080p upconversion\*

\* HDMI connection is required for 1080p video output

USB 2.0 Port
