LG VOLT 2™

WELCOME!

Thanks for choosing Boost Mobile. This booklet introduces you to the basics of getting started with Boost and your LG Volt 2™.

Boost has always sought to stand for something more. We've listened to you and worked to build a brand that's more responsive and more dedicated to satisfying your wants and needs. It's our mission to let you know that we'll continue to take on the things that are wrong with wireless so you can live your life... without compromise.

For ongoing support and resources, visit devicehelp.boostmobile.com. There, you'll find guides, tutorials, and more to help you get the most out of your phone.

Note: Available applications and services are subject to change at any time.

Get Your Phone Ready

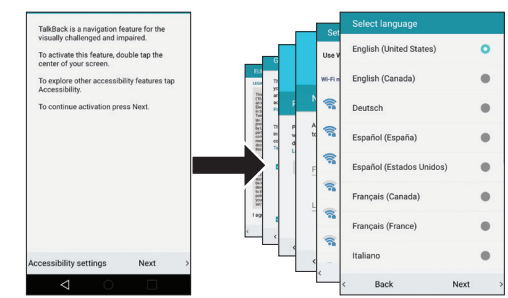

Activate Your Phone on Boost Mobile

1. Find your phone's MEID (DEC) number on the packaging. You'll need this 18-digit number to activate your phone.
 2. Go to boostmobile.com/activate, follow the prompts to enter the MEID, and then click **start activation process**. If you are activating this new phone on an existing account, visit 'My Account' on boostmobile.com to update your handset.
- Note:** You can also call **1-888-BOOST-4U (1-888-266-7848)** to use the automated activation system.
3. Continue through the activation steps and at the end you will have an option to pay to get your service started.

Charge the Battery

1. Connect the charging adapter and USB cable.
2. Plug one end of the USB cable into the phone's Charger/Accessory Port and the other end into an electrical outlet.

Set Up Your Phone

Press and hold the **Power/Lock Button** and then review the TalkBack navigation screen, or tap **Next** to bypass.

Select a language, tap **Next**, and then follow the prompts to complete the setup screens.

Complete the Setup Screens

The device's setup screens will guide you through the setup process. Follow the prompts to:

- + Set up a Wi-Fi® connection.
- + Sign in to (or set up) a Google™ Account.
- + Set up payment information.
- + Personalize your device.

When setup is finished, you'll see your device's Home screen.

Important Privacy Message. This phone is capable of determining its/your geographical location. To set controls for accessing and using your location information by others, tap > > **Settings** > **Location**. Tap the OFF/ON switch so it's in the **ON** position. Select your location options from the list and follow any applicable prompts. These settings for the use of location information can be turned on and off. For some applications and services you select, a phone must be turned on and set to allow collection of location information in order to function.

Please be advised that if you use a third-party application, the application may collect your personal information or require Boost to disclose your customer information, including location information (when applicable), to the application provider or some other third party. Boost's policies do not apply to these third-party applications. Please carefully review the application's terms of use and/or the application provider's policies for more information about how the application will collect, access, use or disclose your information before using a third-party application. Terms of use and other policies usually are available on the application provider's website.

Manage Your Account

Managing Your Account

You can go to 'My Account' at boostmobile.com to view your account information, Re-Boost®, or to make account changes. To log into 'My Account,' you will need your 7-digit phone number and the Boost account PIN number you set up at activation.

Your Account PIN

For security purposes, and to protect your account, you must set up a 4-digit Account PIN (personal identification number) during activation. You'll need to enter your Account PIN anytime you log in to 'My Account' or when you call us about your account. Also, in case you forget your Account PIN, you can go to boostmobile.com, click on 'My Account' and then click on the 'Forgot your Account PIN?' link.
