

MEMORY FOAM CARE

Cover	Wash the cover in cold water only on a delicate cycle.
Memory Foam	This foam is not machine washable however you may spot clean with warm water and a mild cleanser. Allow to air dry before using.
Product Care	Rotate mattresses and mattress toppers in a clock-wise direction once every six months or as needed.
Odor	Allow up to 24 hours for product to air-out. Allow typical foam scent time to dissipate.
Foam Recovery	Most products come in a compressed state and should begin to recover within 2 hours of package opening. In some extreme cases this may take up to 48 hours.
