

Included in Dyson Cinetic Big Ball Animal

Stair Tool

Removes dirt and dust from corner and against vertical edges of stairs

Combination Tool

Reaches further and has softer bristles for improved spot cleaning and gentle dusting.

Tangle-free Turbine Tool

Counter-rotating heads with brushes to remove hair and dirt from carpets and upholstery. When tested against 18 competitor vacuums, it's the only turbine tool that doesn't tangle.

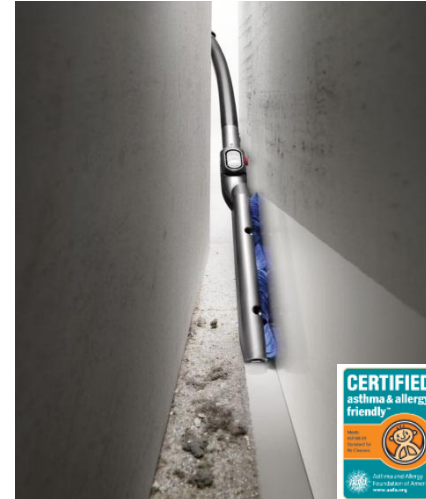

Additional Tools

Articulating Hard Floor Tool

Designed for improved pickup on hard floors, with bristles that help to prevent scratching or marking on wood or delicate floors. It pivots 180° and has an ultra-slim profile to clean hard to reach spaces more easily.

Flexi Crevice Reach Under Tool

Extended crevice tool cleans all those tricky places dust and allergens can accumulate – from skirting boards to book shelves.

Additional Tools

Flat Out™ Tool

Articulates for effective pick-up, and is especially handy for cleaning under low furniture and household appliances.

Multi-Angle Tool

The Dyson Multi-angle brush twists to give multiple angles to remove dust, dirt and allergens from hard to reach surfaces such as cupboard tops, door frames and lampshades.
