

# WET & FORGET<sup>®</sup> moss mold mildew & algae STAIN REMOVER

**HOW IT WORKS:** Once treated with **Wet & Forget<sup>®</sup>**, the surface requires no pressure washing, scrubbing, or rinsing. Just thoroughly wet the **DRY** surface with **Wet & Forget<sup>®</sup>** and then forget about it. The elements (wind and rain etc) will slowly wash off the stain. If the surface to be treated is not fully exposed to rainfall or is vertical, some assistance may be required to remove the stains.

**EXTERIOR SURFACES ON WHICH YOU CAN USE Wet & Forget<sup>®</sup>:** \*Concrete, pool surroundings, patio furniture (except cushions and wood frames), natural stone, tombstones, roofs (asphalt and fiberglass shingles, color steel, clay and concrete tiles), tennis courts, ceramic pots, asphalt driveways, painted surfaces, siding (vinyl, aluminum), textured finishes, play equipment (slides, plastic gyms), and wood decks.

**DIRECTIONS FOR USE:** It is a violation of Federal law to use this product in a manner inconsistent with its labeling.

**TO REMOVE MOSS, MOLD, ALGAE, AND MILDEW STAINS:**

Mix one part **Wet & Forget<sup>®</sup>** to five parts water. Apply use solution with a pump up garden sprayer until **DRY** surface is thoroughly saturated. Allow to air dry. A second application 1-2 months after the first may also assist when treating persistent stains. Do not repeat treatment more than 6 times per year.

**Wet & Forget<sup>®</sup>** is best applied in overcast dry conditions to avoid rapid evaporation. Do not apply if heavy rain is expected within 4-5 hours.

**WOOD DECKS:** Follow mixing directions. Stains in Cedar or Redwood may require brushing for full stain removal. Use water and hard broom 1 month after application. Once cleaned, it may be maintained with **Wet & Forget<sup>®</sup>** to prevent stains.

**PLAY EQUIPMENT:** Do not allow children on play equipment (ie. slides, plastic gyms), if it has been treated with **Wet & Forget<sup>®</sup>**, until the equipment has been washed down with fresh water, a day after application.

**PLANTS:** Do not spray directly on to plants. Flush with fresh water if accidentally sprayed.

**REACTION TIME:** Once treated with **Wet & Forget<sup>®</sup>** stains may take up to 6-12 months to come clean in the very worst case scenario. It is very important that the mixing instructions are followed.

**MAINTENANCE:** Repeat application once a year or when new stains appear. Do not repeat treatment more than 6 times per year.

**PETS:** Keep animals off treated surfaces until product has dried. If contamination occurs, rinse animal's paws with fresh water to prevent animal licking **Wet & Forget<sup>®</sup>**.

**FOR ALL APPLICATIONS:** Treatment must be performed at least 100 feet from any pond, lake, stream, or river to prevent possible runoff into waterways.

**STORAGE AND DISPOSAL:**

Store in original container in locked areas inaccessible to children and persons unfamiliar with its use. Nonrefillable container.

Do not reuse or refill this container. Discard in trash or offer for recycling, if available.
