Packed to go in a beautiful embroidered tote, it's sultry beauty to last all season long.

The Mediterranean Journey Look

- Step 1** Apply **Baked Balance-n-Brighten Color Correcting Foundation** all over face, targeting areas of discoloration. We recommend applying primer to maximize foundation wear.
- Step 2** Using the **Double-Ended Powder/Eye shadow brush**, sweep **Baked Mediterranean Bronzer in Moroccan Bronze** on places the sun naturally hits: forehead, cheeks, nose and chin.
- Step 3** Using **Baked Color Intense Shadow Duo**, apply **Stone** all over eyelid. Brush **Terracotta** in crease of lids and blend.
- Step 4** Line lash line with **Kajal Longwear Eyeliner in Smoky Taupe Kohl**.
- Step 5** Apply **Love Me Dew Lip Crayon in Turkish Café** generously over bare lips for moisturized, deep burgundy color.
