

NOTE:

Not all foil tube diameters will fit the provided holders. If you purchase or have a foil tube that does not fit the provided Fast Wrap holders you can simply bypass the holders completely and place your aluminum foil roll into the Fast Wrap dispenser orientated in the direction outlined below and use the Fast Wrap dispenser as designed. The Fast Wrap will still cut foil quickly and cleanly even if tube holders are not used.

Please note. Plastic wrap must be used with the provided holders with the Fast Wrap in order to function at optimum performance.

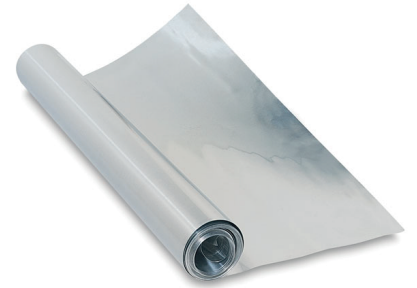

If your foil tube doesnt fit the Fast Wrap holders:
