

MultiPREP™
SLICE 'N DICE™

1

External Slicing Control

Go from thin to thick slices without changing the blade! The external control lever lets you adjust slicing thickness on the fly.

2

8mm Dicing Disc

Pro-style dicing made easy. Make $\frac{1}{4}$ " x $\frac{1}{4}$ " dices of fruits and veggies for homemade salads, salsas, and more. Plus, the dicing parts are color-coded for easy assembly and operation

3

Compact Storage Case

Lots of pieces—no problem! The storage case keeps all the accessories organized, with a lid to keep them clean during storage.

CONTINUOUS FLOW CHUTE

Processed foods flow easily out of the chute into any kitchen work bowl.

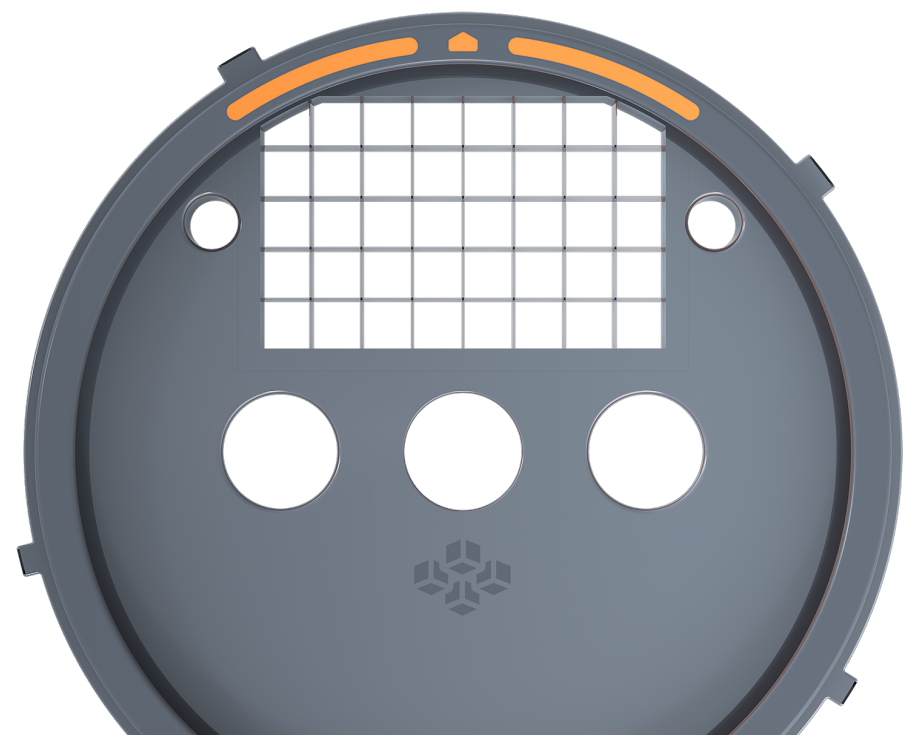

SIMPLE DIAL CONTROL

The thick dial is easy to turn with one hand, allowing you to control the power while you guide food into the chute.

DUAL-SIDED JULIENNE DISC

Master the art of the julienne. One side of the disc makes 3mm strips, and the other cuts to 6mm.

REVERSIBLE SHRED/GRATE DISC

Save your forearms! The reversible disc shreds and grates cheese, fruit, and more.

ADJUSTABLE SLICING DISC

The fast-action slicing disc creates thin, elegant slices between 1-5mm.

150⚡ Watts of Power

Save time and effort in the kitchen, the motor makes consistent cuts through fruits, veggies, and cheeses.

Dishwasher-Safe Parts

Cleanup is simple with dishwasher-safe cutting discs and other removable parts.

Suction Cup Feet

No shimmy or shake here. The assembly stays firmly in place on your countertop.
