

Trap the Grease, Fat Trapper® System

INSTRUCTIONS

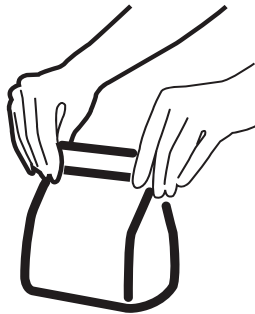

- Pour cooled grease, oil and fat into the bag. Construction holds liquids up to 200°F and is heat and moisture-proof.
- Close container lid and store in out of the way area.
- Canister and lid are top rack, dishwasher-safe.

When bag is full...

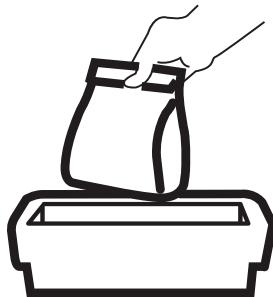

- Remove the bag from the canister

- Fold the top and roll, then crimp tie fastener closed at both sides.

- Dispose of grease in trash can without mess.

- Replace with new bag
