

Cook's Essentials Set of 2 Silicone Baking Board

Congratulations on purchasing your Set of 2 Silicone Baking Board. Please read this Use & Care Instruction, and retain it for future reference.

In this set, you will find the following items:

15" 6" X 11.7" - 2pcs

SPECIAL FEATURE

- **Non-stick**
- **Cooks evenly**
- **Cools quickly**
- **Dishwasher safe**
- **No taste, no smell**

FREEZER AND OVEN SAFE

- Safe temperature range of -40°F to 450°F

USE & CARE

- The silicone baking boards are durable with long-lasting non-stick features. When baking, you do not need greasing of any kind and will be able to unmold without breakage.

- Remove the baking board from the oven and allow to cool. You will be able to pick up your baked cakes or cookies from the baking board after about 3 minutes.

CLEANING

- Easy cleaning: wipe with a damp, soft sponge and then rinse with clean water.
- Shake to remove excess water and dry in open air.
- A weak solution of detergent or soap may be used if needed.
- Store flat.

CAUTION

- Do not place the silicone baking board under or over direct heat - on a hot stove top or under a grill.
- NEVER use metal- such as scouring pads, steel wool or abrasive cleaners
- Use nylon, plastic or wooden utensils to remove or cut foods from the silicone board
- Use with non-stick spray may cause staining.
