# PROTECT

Every cup of Nespresso is a force of good. Globally 100,000+ small independent farmers work with our agronomists to sustainably increase the yield of the highest quality beans that we pledge to buy from them at a premium. We revive coffees in countries like South Sudan where coffee cultivation is endangered. Through agroforestry investments we help farmers protect the ecosystem for coffee to grow.

**OUR CAPSULES ARE FULLY RECYCLABLE**  
The aluminum is recycled into everyday objects, the coffee grounds into compost.

 **NESPRESSO-UPS MAIL-BACK PROGRAM**  
Join us in our efforts by adding a free pre-labeled recycling bag to your coffee order. Once filled with used capsules, drop it off at any of the over 88,000 UPS collection points in the contiguous U.S. Visit [Nespresso.com/us](http://Nespresso.com/us) or call 1-877-964-6299 for details.
