

# THE PERFECT COOKIE KIT

2x Silicone Mat | Baking Press

## CARE & USE

The circles on the Silicone Mat are optimized for Chef Alex's cookie dough, also available through QVC. When using a home recipe, a 3 oz by weight or 5 tbsp ( $\frac{1}{3}$  cup) ball is recommended. Use the temperature and time noted in your recipe, however, note that cookies may require slightly more baking time if they are significantly larger than the original recipe serving size.

The Silicone Mat is naturally nonstick and does not require greasing or nonstick spray.

For best results, apply vegetable oil or butter to the cookie press to keep dough from sticking.

When making multiple batches, allow the pan and Silicone Mat to cool between baking. The Mat's circles perform best when dough is refrigerated for at least 10 minutes before baking to prevent over-spreading and help reach desired texture.

The Silicone Mat is heat safe up to 425°F. It is designed for use in the oven. Do not use the Silicone Mat on a stovetop or over open flame.

Do **NOT** use the Silicone Mat as a cutting surface, or with sharp tools like a pizza cutter.

The Silicone Mat is dishwasher safe.

Do not use abrasive chemicals or harsh brushes, including metal brushes or scrubbing pads, to clean the Silicone Mat.

To clean the wooden Baking Press, wash with warm, soapy water and dry. The wooden Baking Press is **NOT** dishwasher safe.
