

USING YOUR SILICONE LID SET

Zakarian Silicone Lids come in 3 different sizes and are made of a durable silicone that is heat-safe up to 425°F. To use the lids, simply place them on top of a pan during or after cooking to help retain heat and moisture.

Zakarian Silicone Lids are microwave-safe, and great for protecting the inside of your microwave from food splatters. Silicone Lids are oven-safe up to 425°F. Silicone lids are not for use under a broiler.

Use as a storage lid in lieu of plastic wrap in the refrigerator.

For best results, use the Silicone Lid size closest to your pan. Using a lid that is too large or small poses a danger that the lid will be knocked off or be in the way while cooking. GZ 8", 10", and 12" pans are sized to work with the 3-Piece Silicone Lid Set.

After cooking, it is best to use a heat-resistant glove when removing the Silicone Lids, as they and the pan you are cooking in may be hot. Steam may escape while lifting the lid, so always lift away from you to avoid hot steam.

Zakarian Silicone Lids are stackable and hangable for easy storage.

CARE & CLEANING

Reusable Silicone Lids are dishwasher safe and can be cleaned with a non-abrasive cleaner and warm, soapy water. Harsh metal brushes or sponges may damage the silicone.
