

NUTRITIONAL FACTS

WABASH VALLEY FARMS

Retro Tin Popcorn Tub Collection

Popcorn

FRESH POP CORN
NON-GMO

This farm, fresh popcorn is grown in the U.S., right in the heart of the corn belt and is freshly harvested at its peak with the most delicate of care ensuring maximum tenderness.

 These tender yellow kernels are grown specifically to pop into some of the biggest, crunchiest and oh so tasty popcorn around. It is known to have a "butterfly" shape, which means it has "wings" that are perfect for catching and holding the butter and seasoning added to it.

Get ready to enjoy the good stuff.
From our farm to your home...
have fun and pop happy.
