

Fresh from our family farm in Iowa, Farmer Jon's brings you 20 Packs of Virtually Hulless Microwave Popcorn. Farmer Jon and his family have spent over 80 years perfecting the perfect kernel with a thin outer shell that virtually eliminates those pesky hulls that get stuck in your teeth. Our unique hybrid kernel virtually shatters when it pops leaving significantly less hull in the popped popcorn. Farmer Jon's Virtually Hulless popcorn is soft and tender when you bite into it, but still has that crunch you crave when eating a snack.

Our **Movie Theater Butter** has the perfect combination of butter and salt. One bite and you will be hooked. If you love popcorn at the movie theater this is the popcorn for you.

Our **Light Butter** offers the same great flavor of movie theater butter with a little less salt and fewer calories.

If you love a little bit of popcorn with your butter, then our **Extra Butter** is the right choice for you.

For all those extreme butter lovers out there, we have two options for you! **Extreme Butter** is the most intense butter flavor we produce. Your taste buds will never forget the extreme taste of all the butter on this popcorn. **Homestyle Extreme** will give you that extreme butter taste with a bit of nostalgia. Imagine popcorn popping on the stove, drizzled with melted butter and tossed with sea salt and that's what you'll get with this flavor.

Rest assured no matter which flavor you choose; you are sure to get our farm fresh Virtually Hulless kernel in each bag!
