Of course, I had to tackle the king of red wine, Cabernet Sauvignon. Like all my wines, I wanted it to be approachable, easy drinking, and pair perfectly with a wide variety of foods, while still staying true to the varietal.

GIFFT Cabernet Sauvignon is undeniably lovely, balanced, complex, and beautiful with fruit forward aromas of Bing cherry and fresh blackberry, and subtle flavors of fall baking spices. I drink it to enhance any meal and pair perfectly with prime rib, roasted lamb, or a hearty beef stew.

COMPOSITION: 98% Cabernet Sauvignon, 2% Syrah

2019 *Chardonnay* CALIFORNIA

I first came to love Chardonnay many years ago when I fell in love with French wines. I was born in France, so I think it is in my blood! Over the years, I perfected the perfect California Chardonnay for me. I wanted a wine that I could drink on its own or set down on the table and enjoy WITH food, not compete AGAINST it. Our goal was to craft a wine with poise, and one that allowed the true varietal character of the Chardonnay grape to shine.

GIFFT Chardonnay will tickle your nose with bright green apple, pear, and guava, and delight the palate with vanilla elements and a crisp, clean finish. I think it's perfect alongside any shellfish dish, skillet creamy artichoke chicken and orzo, or roasted poultry.

As someone that often prefers white wines, I wanted to craft an easy-drinking red, one that pairs well with a wide variety of food but is also pleasing all on its own. Coming up with the final blend, comprised of eight different varieties, was a wonderful experiment filled with plenty of mixing, discussion, adjustments, and lots of tasting! While the result certainly falls in the category of “easy-drinking red,” the complexity, balance, and lushness make it a wine for casual drinkers and serious wine-lovers alike.

Enjoy aromas of ripe blueberries and blackberry jam and approachable flavors of plum and a slight vanilla oak finish. You can enjoy my red blend with a fresh piece of salmon, tacos or your favorite burger. However, I found it to be moderate enough to pair with Mexican food and all those nice spices!!!

My Rosé offers aromas of ripe summer strawberry, honeydew melon, and mandarin orange, and opens on the palate with flavors of raspberry and a beautiful, medium bodied floral finish. Serve slightly chilled as a welcome glass of wine for your next gathering, the feature for your next brunch, the night cap on a warm summer night or to brighten up a winter day.

As for me, I'll be serving GIFFT Rosé with delicious cheeses, fresh salads, grilled fish, and chicken pesto flatbread, and enjoying with my friends all on its own!
