

The **Happy to Meat You Difference:** Your steaks are cut FRESH to order! They are designed to arrive COLD and not necessarily frozen. We perform a quick flash freeze to provide you with a “Fresh Cut” experience right to your door. Refrigerate for up to 5 days or freeze for up to 1 year!

We suggest cooking from thawed. For the quickest thaw, simply place sealed package(s) in a container of cold water for approximately 30 minutes or refrigerate overnight.

You're about to taste the BEST - so until we “Meat” again, enjoy!
