NUANCE

The Fast, Fun and Convenient Way to Interact with a PC—Just by Talking

Dragon® NaturallySpeaking® 12 Home speech recognition software ignites new levels of creativity and convenience by letting you interact with your PC using your voice. Dragon recognizes what you say and how you say it so you can turn talk into text and enjoy control of your PC and applications by voice. Speak words and they appear on your computer screen — three times faster than typing. Launch applications, select menu items, save files, switch windows and more using simple voice commands. With Dragon Home, you can speak your mind to:

- Dictate and format documents
- Compose and send email
- Search the Web or your desktop
- Network with friends and family
- Navigate and control your PC and applications

Delivering an amazing experience right out of the box, Dragon Home is simple to learn and easy to use. It includes everything you need to get started, including a step-by-step interactive tutorial and a high-quality headset microphone. There's no faster, easier or more convenient way to get things done on your PC at home or school.

* This edition of Dragon does not support dictation directly into Electronic Medical Record (EMR) Systems. For EMR support, please use Dragon Medical Edition.

Windows 8 Compatible

Compatible with Windows®7

Dragon Home turns talk into text with greater recognition and formatting accuracy than ever before. Capture your ideas at the speed of thought without letting typing, spelling or fear of the blank page slow you down. Say words and they appear on your computer screen—three times faster than typing—with no spelling mistakes. Correcting your dictated text is fast and easy, too.

NEW! Smart Format Rules allow Dragon to adapt by detecting your format corrections—abbreviations, numbers, and more—so your dictated text looks the way you want it to every time.

Dragon Home adapts to your voice and writing style to deliver better recognition results over time. You can even customize the Dragon vocabulary with acronyms, proper names, and other unique phrases you frequently use.

IGNITE CONVENIENCE USING YOUR FAVORITE APPLICATIONS
Use Dragon Home with many of the Windows and Web applications you use every day so you can get through your "to-do" list faster than ever before.
- Dictate documents in Microsoft® Word, OpenOffice™ Writer, or Corel® WordPerfect®
- Send email in Microsoft Outlook® or Windows® LiveMail
- **NEW! Use Dragon with two of the most popular web-based email applications— Gmail™ and Hotmail®/Outlook.com—with Full Text Control and commands for the most frequent actions**
- **NEW! Keeping Up with New Releases: Windows 8, Office 2013, and Internet Explorer 10 Support**
- Search the Web using Microsoft Internet Explorer®, Mozilla® Firefox® or Google Chrome™
- Post to Facebook or Twitter

IGNITE EASE OF USE & BECOME AN EXPERT USER IN NO TIME
Dragon Home is simple to install, easy to train, and fun to use.

NEW! An interactive tutorial provides simulations to enable you to learn and practice good dictation, correction and editing habits so that you can become more proficient with Dragon in record time.

The Dragon Sidebar puts important voice commands and tips in one convenient desktop location. And on-screen help means assistance is always available when you need it.

IGNITE CONTROL & COMFORT BY INTERACTING WITH YOUR PC BY VOICE
Use your PC in a comfortable, ergonomic way without being tied to your keyboard and mouse. Launch applications, select menu items, "press" keys and switch from one window to another using simple voice commands.

NEW! Use an iPhone®, iPad®, iPod® touch (4th gen) or now a compatible Android™ device as a remote microphone for flexibility and convenience.

Dragon Voice Shortcuts™ let you send email, schedule appointments or search the Web or your desktop with remarkable speed and ease. With Dragon Home you can:
- Send email to multiple friends by saying "Send email to John Langley and Sophie Blanchard."
- Find anything on the Web using simple commands like "Search the Web for party supply stores in San Mateo, California."

System Requirements - The install process checks that your system meets the minimum requirements; if they are not met, Dragon NaturallySpeaking will not be installed.

Note: *Supports **Microsoft Office 2013**. Does not support dictation directly into Electronic Medical Record (EMR) systems. For EMR support, please use Dragon Medical Edition.*

- **RAM:** We recommend **2 GB for 32-bit** Windows XP, Windows Vista, Windows 7, Windows 8 and Windows Server 2008, **4 GB for 64-bit** Windows 7, Windows 8 and Windows Server 2008. *(Minimum: **1 GB** for Windows XP and Windows Vista, 2 GB for Windows 7, Windows 8 and Windows Server 2008)*
- **CPU:** We recommend **2.2 GHz** Intel® dual core or equivalent AMD processor. (Minimum: **1 GHz** Intel Pentium® or equivalent AMD processor or **1.66 GHz** Intel Atom® processor). **Faster processors yield faster performance**. IMPORTANT: SSE2 instruction set is required.
- **Processor Cache:** We recommend **2 MB** L2 cache. *(Minimum: **512 KB**)*
- **Free Hard Disk Space: 3.2 GB** (**4 GB** for non-English editions)
- **Supported Operating Systems:**
    - Windows 8, 32-bit and 64-bit
    - Windows 7 SP1, 32-bit and 64-bit
    - Windows Vista SP2, 32-bit and 64-bit
    - Windows XP SP3, 32-bit only
    - Windows Server 2008 SP2, 32-bit and 64-bit
    - Windows Server 2008 R2 SP1, 64-bit only
- Internet Explorer 7 or higher for Online Help (free download at www.microsoft.com). Support for Gmail and Hotmail requires Internet Explorer 9 or 10, or the currently supported version of Firefox or Chrome—see support.nuance.com for details
- A sound card supporting 16-bit recording
- A DVD-ROM drive for installation
- A Nuance-approved noise-canceling headset microphone (included in purchase). See support.nuance.com/compatibility (includes USB adapters and digital voice recorders)
- An Internet connection for automatic product activation (a quick anonymous process)
