NEW! Instant Effects Palette
Add creative effects to your photos in just seconds. Choose from a variety of preset effects which are organized into style categories such as Artistic, Film Styles, Black & White and Landscape. Thumbnails make it easy to select the effect you want or choose from your own custom made presets. You can also apply multiple effects to a single image to instantly create a unique photographic look.

NEW! Retro Lab
Add old school color and contrast to your photos to achieve a distinctive look inspired by early lo-fi cameras. Plus, take advantage of a variety of control settings to create and tweak presets for use in other creative projects.

NEW! Single RAW Photo HDR Effect
Split an individual RAW photo into three exposures and then selectively recombine them to create a stunning and surreal HDR-style effect.

Makeover tools
Make sure the people in your photos look their best with Makeover tools that are fun and easy to use. Remove blemishes, smooth wrinkles, whiten bloodshot eyes, paint on tans and even help your subjects drop those extra few pounds the camera adds on.

Trend Micro™ Titanium™ Antivirus+ is easy-to-use security for what you do most online—email, socialize, and browse. In addition to blocking viruses and malware, Titanium Antivirus+ protects against bad links in search results and those shared in email, instant messages, and on social networking sites like Facebook, Twitter, and Pinterest.

With Titanium security, you will feel safe and confident before you click. It makes security effortless by providing you with a friendly interface that’s a snap to install. It also gives you simple screens and clear, easy-to-understand reports. And it won’t pester you with annoying alerts and pop-ups.

Want the most comprehensive social networking safety?

It’s easy, just become “friends” with Trend Micro Titanium+—your key to social networking safety. It identifies dangerous links on Facebook, Twitter, Google+, LinkedIn, MySpace, Pinterest, and more. Now, you can be confident that it’s safe to click on a shared link.

Automatically scans your wall to visually show you what links are safe or malicious.

4-Year Subscription

Helps you warn your friends when they post dangerous links.

Entities one user to a four-year subscription of Trend Micro Titanium Antivirus+ award-winning PC protection. All updates are included for this term and are available via digital download. At the end of the subscription period, users may, at their option, continue the service for a renewal fee. Internet access required. Once installed, this four-year subscription will overwrite and supersede any trial period that may remain on your PC.
