

Thank you for choosing Ditto!

*We hope it will make your smartphone experience more joyful and less stressful.*

#### Package Contents

- Ditto
- Battery
- Clip
- Wristband (for sleep, swimming, sports, etc.)
- Quick Start Guide

### 1 Load App

Install the app "Wear Ditto" from the App Store or Google Play.

For great tips and ideas on how to wear your Ditto, check out [simplematters.com/support](http://simplematters.com/support)

### 2 Insert Battery

Insert the battery, with the Plus (+) side facing the clip, into the clip.

**TIP:** the battery may already be inserted into the clip.

Insert the clip gently into the base by aligning the edge of the clip with the diagonal line on the base.

Twist the clip into place so that it aligns with the base. Check to make sure that the clip is not askew.

### 3 Open Ditto App

Follow the on-screen instructions.

**TIP:** make sure your mobile phone's Bluetooth® is turned on and the Ditto's battery is inserted correctly.

### Replacing Battery

Remove battery from the clip and replace with CR1632 (3V lithium coin type).

Under normal usage conditions, the battery should last approximately 3 to 6 months.

See [simplematters.com/support](http://simplematters.com/support) for a short video on how to replace the battery.

Ditto's Water Resistance 

Ditto is waterproof and suitable for swimming.

### Register

Register your Ditto at [simplematters.com](http://simplematters.com) for notices of software updates, tips and more.

**Your privacy is ensured**— we will not share your information with other companies.

## Battery Safety Precautions

- Follow battery instructions provided with this guide, and/or visit our website.
- Do not throw batteries into fire.
- Use only recommended battery types and models.
- Discard batteries only by depositing with a proper electronic equipment collection facility in accordance with your local laws.

For complete Panasonic CR1632 battery warning and disposal information, please refer to:

<http://industrial.panasonic.com/www-data/pdf/AAA4000/AAA4000PE15.pdf>

## Cleaning

Ditto is made of high-quality plastic. Do not use solvents or other cleaners. Simply clean Ditto with a soft cloth moistened with water.

## Limited Warranty

Simple Matters LLC, the creator of Ditto, provides a limited warranty that the Ditto product (including software) is free of defects in material and workmanship when used as intended for a period of 365 days from the original date of purchase of the Product.

If you need to return the product for service, please contact us for a return authorization. We will promptly repair or replace your Ditto upon receiving it. We know how much you will come to depend on Ditto and don't want you to be without it any longer than necessary.

However this is a limited warranty. For

example, we cannot be responsible for changes beyond our control, such as changes to your smartphone's software. We will, however, always try to update Ditto software when required. Nor do we warranty that you will not ever miss a notification, or lose or become separated from your paired device. Our limited warranty excludes other implied warranties of any type, and is subject to other terms and conditions.

For the complete warranty and instructions on how to get warranty service, please visit [simplematters.com/warranty](http://simplematters.com/warranty)

## Regulatory Compliance

### FCC & IC

This equipment has been tested and found to comply with the limits for a Class B digital device, pursuant to part 15 of the FCC Rules.

This device complies with Part 15 of the FCC rules and with Industry Canada licence-

exempt RSS standard(s). Operation is subject to the following two conditions:

- (1) This device may not cause harmful interference, and
- (2) this device must accept any interference received, including interference that may cause undesired operation.

Le présent appareil est conforme aux CNR d'Industrie Canada applicables aux appareils radio exempts de licence. L'exploitation est autorisée aux deux conditions suivantes:

- (1) l'appareil ne doit pas produire de brouillage, et
- (2) l'appareil doit accepter tout brouillage radioélectrique subi, même si le brouillage est susceptible d'en compromettre le fonctionnement.

This equipment generates, uses and can radiate radio frequency energy and, if not installed and used in accordance with the

instructions, may cause harmful interference to radio communications. However, there is no guarantee that interference will not occur in a particular installation. If this equipment does cause harmful interference to radio or television reception, which can be determined by turning the equipment off and on, the user is encouraged to try to correct the interference by one or more of the following measures:

Reorient or relocate the receiving antenna.

Increase the separation between the equipment and receiver.

Connect the equipment into an outlet on a circuit different from that to which the receiver is connected.

Consult the dealer or an experienced radio/TV technician for help

Your device is a radio transmitter and receiver. It is designed and manufactured not

to exceed the emission limits for exposure to radio frequency (RF) energy set by the Federal Communications Commission of the U.S. Government. The FCC has established criteria for the amount of radio frequency energy various products may produce depending on their intended usage. This product has been evaluated and found to comply with the FCC's exposure criteria. For body worn operation, the FCC RF exposure guidelines were also met when used with the accessories supplied or designed for this product. Use of other accessories may not ensure compliance with FCC RF exposure guidelines and should be avoided.

Caution: Any changes or modifications not expressly approved by the party responsible for compliance could void the user's authority to operate this device.

This device must not be co-located with other transmitters. The installer of this radio equipment must ensure that the antenna is

located or pointed such that it does not emit RF field in excess of Health Canada limits for the general population; consult Safety Code 6, obtainable from Health Canada's website [hc-sc.gc.ca/rpb](http://hc-sc.gc.ca/rpb)
