IMPORTANT SAFETY INSTRUCTIONS

SAVE THESE INSTRUCTIONS

WARNING: When using this product, basic precautions should always be followed, including the following:

- Read all the instructions before using the product.
- To reduce the risk of injury, close supervision is necessary when the product is used near children.
- Do not put fingers or hands into the product.
- Do not expose power bank to rain or snow.
- Use of a power supply or charger not recommended or sold by power bank manufacturer may result in a risk of fire or injury to persons.
- Do not use the power bank in excess of its output rating. Overload outputs above rating may result in a risk of fire or injury to persons.
- Do not use the power bank that is damaged or modified. Damaged or modified batteries may exhibit unpredictable behavior resulting in fire, explosion or risk of injury.
- Do not disassemble the power bank. Take it to a qualified service person when service or repair is required. Incorrect reassembly may result in a risk of fire or injury to persons.
- Do not expose a power bank to fire or excessive temperature. Exposure to fire or temperature above 70°C/158°F may cause explosion.

- Switch off the power bank when not in use.
- Improper use of this product may result in product damage, excess heat, toxic fumes, fire or explosion, for which damages you (“Purchaser”), and not HALO2CLOUD LLC. (HALO) (“Manufacturer”) are responsible.
- This product should be operated only in open-air conditions. It should not be operated in an enclosed, unventilated space such as a carrying bag, pocket, purse or bedding. Failure to follow these instructions may damage the product by overheating.
- Be cautious of drops, bumps, abrasions, or other impacts to this product. If there is any damage to the product such as dents, punctures, tears, deformities, or corrosion due to any cause, discontinue use. Contact Manufacturer or dispose of it in an appropriate manner at your local battery-recycling center.
- Do not disassemble this product or attempt to re-purpose or modify it in any manner.
- Do not attempt to replace any part of this device.
- For questions or instructions for the various ways to charge this device, refer to the illustrations in this operating instructions.
- If this device is accessible to or may be used by a minor, purchasing adult agrees to be solely responsible for providing supervision, instruction, and

warnings. Purchaser agrees to defend, indemnify, and hold Manufacturer harmless for any claims or damages arising from unintended use or misuse by a minor.

- All products have gone through a thorough quality assurance inspection. If you find that your device is excessively hot, is emitting odor, is deformed, abraded, cut, or is experiencing or demonstrating an abnormal phenomenon, immediately stop all product use and contact Manufacturer.
- Never dispose of batteries in the garbage. Disposal of batteries in the garbage is unlawful under state and federal environmental laws and regulations. Always take used batteries to your local battery-recycling center.
- This device has been evaluated to meet general RF exposure requirement. The device can be used in portable exposure condition without restriction.

- USB-C Cable

- 1 | LCD Digital Display
- 2 | USB-A Output Port 1
- 3 | USB-C Bidirectional Port
- 4 | USB-A Output Port 2
- 5 | USB Power ON/OFF Button
- 6 | Micro USB Input

OPERATING INSTRUCTIONS

CHARGING YOUR HALO ULTRAPACK 20000

IMPORTANT: Before using your HALO ULTRAPACK 20000 for the first time, fully charge it .

The HALO ULTRAPACK 20000 can be charged using the Micro USB input port or the USB-C bidirectional port. The USB-C port allows faster charging. The total charge time is 6-8 hours.

NOTE:

- The Micro USB Input Charging Port located on this unit is only used for charging the internal battery of the HALO ULTRAPACK 20000.
- While charging, the LCD Digital Display will illuminate indicating the charge percentage.
- When fully charged, disconnect the charging cable.

CHARGING YOUR PERSONAL ELECTRONIC DEVICE

Use the appropriate charging cable that came with the HALO ULTRAPACK 20000 to charge your electronic device. You can charge up to three devices simultaneously. Once your electronic device is connected, it will begin charging automatically.

NOTE:

- You may also use the USB cable that was supplied with your electronic device.

SPECIFICATIONS

Battery Capacity:	20,000mAh / 74Wh 3.7V
Micro USB input:	5V = 2A, 9V = 2A
USB-C input:	5V = 3A, 9V = 2A
USB-C output:	5V = 3A, 9V = 2.2A, 12V = 1.5A
USB-A 1/2 output:	5V = 3A, 9V = 2A, 12V = 1.5A
Max output:	20W
Dimensions:	5.8 x 2.7 x 1.1 inches
Weight:	0.9 lbs
Operating Temperature:	32°F - 113°F (0 - 45°C)

COMPLIANCE WITH FCC REGULATION

This device complies with part 15 of the FCC Rules and RSS-Gen of IC Rules. Operation is subject to the following two conditions: (1) This device may not cause harmful interference, and (2) this device must accept any interference received, including interference that may cause undesired operation.

NOTE:

This equipment has been tested and found to comply with the limits for a Class B digital device, pursuant to part 15 of the FCC Rules. These limits are designed to provide reasonable protection against harmful interference in a residential installation. This equipment generates, uses, and can radiate radio frequency energy and, if not installed and used in accordance with the instructions, may cause harmful interference to radio communications. However, there is no guarantee that interference will not occur in a particular installation.

If this equipment does cause harmful interference to radio or television reception, which can be determined by turning the equipment off and on, the user is encouraged to try to correct the interference by one or more of the following measures:

- Reorient or relocate the receiving antenna.

- Increase the separation between the equipment and receiver.
- Connect the equipment into an outlet on a circuit different from that to which the receiver is connected.
- Consult the dealer or an experienced technician for help.
- Any changes or modifications not expressly approved by the party responsible for compliance could void the user's authority to operate the equipment

CAUTION: To comply with the limits of the Class B digital device, pursuant to Part 15 of the FCC Rules, this device must be used with certified peripherals and shielded cables. All peripherals must be shielded and grounded. Operation with non-certified peripherals or non-shielded cables may result in interference to radio or reception.

MODIFICATION: Any changes or modifications of this device could void the warranty.

LEGAL

Manufacturer shall not in any way be liable to you or to any third party for any damages you or any third party may suffer as a result of use, intended or unintended, or misuse of this product in conjunction with any device or accessory other than the appropriate device

for which this product is designed. Manufacturer will not be responsible for any damages you or any third party may suffer as a result of misuse of this product as outlined above. Purchaser agrees to defend, indemnify, and hold Manufacturer harmless for any claims or damages arising from unintended use or misuse, including use with an unintended device.

LIMITED WARRANTY

HALO2CLOUD LLC. (HALO) warrants its products to be free from defects in material and workmanship under normal use.

For all questions about the warranty or exchange requests, please call 888-907-6274, or contact us at <https://www.zagg.com/warranty-policies>.

This Limited Warranty sets forth the full scope of HALO's obligations and liabilities with respect to the product. All implied warranties, including without limitation the implied warranties of merchantability and fitness for a particular purpose, are limited to the duration of this Limited Warranty. In no event shall HALO be liable for any incidental, special, consequential or punitive damages or any damages or losses of or to electronic equipment or products that are used with any of HALO's products.
