

Movavi Video Editor 15 Partner Edition + MiMedia 500GB Basic 1-Year Service

Movavi Video Editor 15 Partner Edition

Create your own movies using filters, transitions, and special effects: Picture-in-picture effect or Chroma Key, imitate the camera zoom, or make your video look like an old-style movie with retro filters. Adjust video parameters such as brightness, contrast, and colors. Stabilize shaky footage, improve video quality, and remove defects. Make video presentations, tutorials, or educational videos: add titles and record your own narration to create a video with voiceover.

MiMedia 500GB Basic 1-Year Service

A personal online storage service for what you care about - photos, videos, music, and more. Store, organize, access, and share your content with family and friends. Create and share amazing visual stories with family and friends alike. Consolidate all your content with one click importing from Facebook, Google, Dropbox, and others. Enjoy your content daily, anytime, anywhere, and with anyone!
