YOUR SAFETY IS IMPORTANT TO US.

Please read instructions carefully and utilize the proper precautions before operating this equipment.

Save instructions for future reference.

- When used correctly, lithium-ion rechargeable batteries provide a safe and dependable source of portable power. However, if they are misused or abused, this may result in leakage, burns, fire or explosion, causing personal injury or damage to other devices.
- Misusing or incorrectly connecting this product may cause electric shock to users and damage equipment.
- Do not operate in explosive atmospheres such as in the presence of flammable liquids, gases or dust.
- Keep away from moisture and corrosive materials. Do not use near water or wet areas such as bathtubs, showers, bathrooms, sinks, swimming pools or basements.
- Do not expose this product to moisture, water, rain, or snow.
- Keep away from heat sources. This includes open flames, radiators, and stoves ovens.
- The lithium-ion rechargeable battery used in this charging device may present a risk of fire or chemical burn if mistreated.

SAFETY INSTRUCTIONS

- Do not expose to fire or excessive temperature. Do not expose to heat above 140°F (60°C).
- In the unlikely event of leakage or explosion use sand or a chemical fire extinguisher. If contact accidentally occurs, flush with water. If liquid contacts eyes, additionally seek medical help. Liquid ejected from the battery may cause irritation or burns.
- This product may become warm under extended high-power operation. Do not cover, wrap, or otherwise restrict this product during operation.
- Do not disassemble this product. There are no user-serviceable parts inside. Incorrect reassembly may result in shock or fire hazard.
- Do not drop or subject to strong impacts. Do not operate this product if it has received a sharp blow or has otherwise been damaged in any way.
- Do not puncture, crush, or subject to mechanical shock.
- Only charge this product by the specified method. Use of an attachment not recommended or sold by the manufacturer may result in a risk of fire, electric shock, or injury to persons.
- Do not operate this product with a damaged cord or plug, or a damaged output cable.
- This product, along with its accessories, are not toys and should be kept away from children.
- Do not insert any foreign object into the ports or openings of this product.

SAFETY INSTRUCTIONS

- Regularly check all ports and wall chargers for any debris, dirt, damage, and corrosion.
- Do not disassemble the device.
- Do not cover the device with towels, clothes, or other items.

IF THE POWER BANK OVERHEATS, BECOMES SWOLLEN, OR IS DEFORMED IN ANY WAY, IMMEDIATELY STOP USING THE PRODUCT AND CONTACT CUSTOMER SERVICE.

PRODUCT MAINTENANCE

EQUIPMENT CLEANING:

- Please make sure that the device is disconnected from all input power and output devices.
- Wipe with a clean, dry cloth.
- Do not use corrosive cleaners or solvents.
- Do not insert metal objects into the ports to clean them as this could cause electrical shock. Blow any debris out with canned air.

DISPOSAL/RECYCLING:

Do not put the device and its accessories in the trash can. Items must be properly handled in accordance with local laws and regulations. For additional information, please see www.epa.gov.

PRODUCT OVERVIEW

- 01 USB-A Output Port
- 02 USB-C Input/Output Port
- 03 LED Indicator
- 04 Power Button
- 05 12" USB-A to USB-C Charging Cable

1

CHARGE THE POWER BANK

Fully charge the power bank before using. To charge, connect the power bank to the USB-C end of the included USB cable. The unit can be recharged from any USB powered port, like a wall adapter, car adapter, laptop and more. While charging, the LED indicator will flash white. Once fully charged, the LED indicator will be solid white.

The USB-C input port is rated for 7.5W and should be fully charged in less than 3hrs (5-100%).

2

CHARGE YOUR DEVICES

The USB-A and USB-C output ports are rated for up to 10W each.

NOTE: It is recommended to use charging cables provided by the manufacturer of your devices.

STEP 1: CONNECT TO DEVICE

Connect the appropriate cable to your device.

STEP 2: CONNECT TO POWER BANK

Connect the cable to the USB-A or USB-C output port on the power bank.

3

CHARGE YOUR DEVICES

STEP 3: POWER ON

Press the power button to begin charging your device.

STEP 4: DISCONNECT

When done charging, disconnect and power off.

ACTIVATE YOUR WARRANTY TODAY

Your HALO Power Bank has a 90 day warranty from the date of purchase. By registering your warranty, you will help protect your investment and save a record of your purchase with our customer service team.

Capacity	2600mAh 3.6V (9.36Wh)
Input	USB-C 7.5W (5V===1.5A)
Output	USB-C 10W (5V===2A) USB-A 10W (5V===2A)
Operating Temperature	Charge: 32°-113°F (0°-45°C) Discharge: 14°-122°F (-10°-50°C)
Dimensions	3.7 x 0.8 x 0.8in. (94.2 x 21.8 x 21mm)
Weight	0.2 lb. (90.7g)

FCC NOTE

COMPLIANCE WITH FCC REGULATION

This device complies with part 15 of the FCC Rules and RSS-Gen of IC Rules. Operation is subject to the following two conditions: (1) This device may not cause harmful interference, and (2) this device must accept any interference received, including interference that may cause undesired operation.

NOTE: This equipment has been tested and found to comply with the limits for a Class B digital device, pursuant to part 15 of the FCC Rules. These limits are designed to provide reasonable protection against harmful interference in a residential installation. This equipment generates, uses, and can radiate radio frequency energy and, if not installed and used in accordance with the instructions, may cause harmful interference to radio communications. However, there is no guarantee that interference will not occur in a particular installation. If this equipment does cause harmful interference to radio or television reception, which can be determined by turning the equipment off and on, the user is encouraged to try to correct the interference by one or more of the following measures:

- Reorient or relocate the receiving antenna.
- Increase the separation between the equipment and receiver.
- Connect the equipment into an outlet on a circuit different from that to which the receiver is connected.
- Consult the dealer or an experienced technician for help.
- Any changes or modifications not expressly approved by the party responsible for compliance could void the user's authority to operate the equipment.

FCC NOTE

CAUTION: To comply with the limits of the Class B digital device, pursuant to Part 15 of the FCC Rules, this device must be used with certified peripherals and shielded cables. All peripherals must be shielded and grounded. Operation with non-certified peripherals or non-shielded cables may result in interference to radio or reception.

NOTE: Changes or modifications to this unit not expressly approved by the party responsible for compliance could void the user's authority to operate the equipment.
