

Thank you for purchasing this product. Please read this manual carefully before use and retain it for future reference.

### General information

This product is a well-designed portable aggregation battery with high capacity transmitting terminal of wired & wireless charging, which applies to indoor & outdoor. It offers a chance for you to try wireless charging at any time and place, providing perfect charging service to your mobile phone, IPAD and other digital products.

### Specifications

Name: Semi-Solid State Battery Magnetic Power Bank

Model: PB-SS

Material: PC + ABS + Metal

Battery Capacity: 5000 mAh

Type-C Input: 5V=2A / 9V=2A (18W Max)

Type-C Output: 5V=2.4A / 9V=2.22A / 12V=1.5A (20W Max)

Wireless Charging: 5W / 7.5W / 10W / 15W

Size: 104 × 69 × 11.5 mm

Weight: 138.5 g

### Features

- High-efficiency semi-solid state battery for improved safety and energy density.
- Supports both wired and wireless charging (can charge two devices simultaneously).
- Built-in N52 magnets provide strong magnetic alignment with compatible phones.
- Smart protection with over-voltage, over-current, over-temperature, and short-circuit safeguards.
- Foreign object detection for wireless charging safety.
- Compact, lightweight, and travel-friendly design.

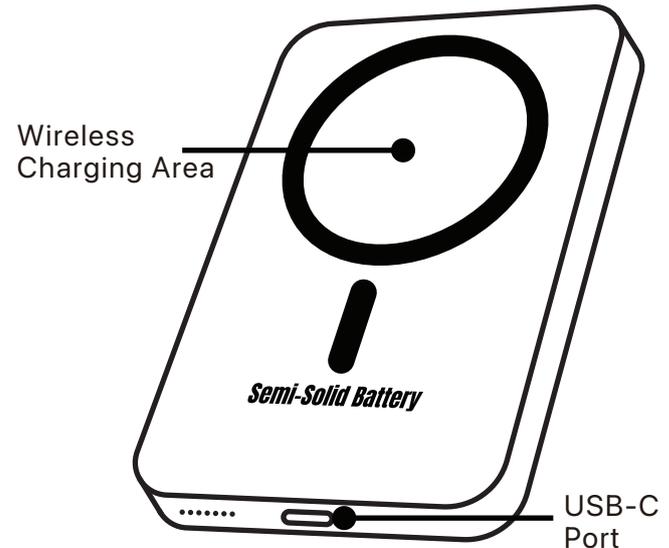

• Do not use while sleeping or under pillow.

• Caution: Battery may present risk of fire, explosion, or chemical burn if misused.

# Semi-Solid State Battery Magnetic Power Bank

## User Manual

## Operation

- Press the power button to activate the device.
- **Wireless Charging:** Place a compatible phone (with built-in wireless charging coil) on the wireless charging surface. Ensure proper alignment for optimal charging speed.
- **Wired Charging:** Connect your device to the USB-C port using a certified cable.
- **Charging the Power Bank:** Connect the included Type-C cable to the power bank's input port and plug the other end into a USB charger or computer port.
- **Pass-Through Charging:** The power bank can charge itself and another device simultaneously. Monitor temperature and ensure ventilation during this mode.
- Keep away from flammable materials when charging.

## Magnetic Field Notice

- This product generates a magnetic field. Keep away from magnetic- sensitive items such as credit cards and key cards.
- Individuals with implanted medical devices (e.g., pacemakers, defibrillators) should consult a physician or device manufacturer before using this product.
- Avoid placing the product directly on computers, external drives, or magnetic storage devices to prevent data loss.

## Maintenance, Storage & Transport

- Store in a cool, dry place between 10°C–30°C (50°F–86°F).
- Recharge every 3–6 months when not in use to maintain battery performance.
- Do not store in vehicles or areas exposed to direct sunlight.
- Avoid mechanical shock or dropping the product.
- Carry-on baggage only—power banks are not permitted in checked luggage (UN 3481 / UN 3536).

## Disposal & Recycling

- Do not dispose of in fire or household trash.
- Recycle responsibly at an authorized electronics or battery recycling facility.
- Follow all local regulations for electronic waste disposal.

## Warranty & Support

- This product includes a one-year limited warranty covering defects in materials and workmanship under normal use.
- The warranty does not cover damage caused by misuse, modification, or unauthorized repair.

For support or warranty claims, contact Uncaged Ergonomics LLC with proof of purchase and product serial number (if applicable).

## Important Safety Warnings

- For adult use only. Keep out of reach of children and pets.
- Use only as directed. This product is designed to charge compatible electronic devices.
- Do not disassemble, puncture, crush, or short-circuit the power bank.
- Do not immerse in water or expose to moisture. This product is not waterproof.
- Keep away from heat sources, open flames, and direct sunlight.
- Do not expose to temperatures above 45°C (113°F) or below –10°C (14°F).
- Stop using immediately if the unit becomes hot, deformed, leaks, or emits an unusual odor.
- Do not place under pillows, blankets, or in bags during charging.
- Avoid using the power bank to charge medical or life-support devices.
- Use only certified USB-C PD and Qi-compatible adapters and cables.
- Remove metal or magnetic objects (such as keys or credit cards) before wireless charging.
- Keep magnetic charging surfaces clear of coins, clips, or foreign objects.
- Monitor device temperature when using pass-through charging.
- Do not use damaged cables, adapters, or ports.
- Do not use or store near gasoline or solvents.
- Indoor use only.
- Do not modify, repair, or attempt to open this product. Doing so voids warranty and may cause injury.
- Uncaged Ergonomics LLC is not responsible for damage caused by misuse, abuse, or use with incompatible devices.

## Compliance & Legal Disclaimer

- **FCC Statement:** This device complies with Part 15 of the FCC Rules. Operation is subject to two conditions: (1) this device may not cause harmful interference, and (2) it must accept any interference received, including interference that may cause undesired operation.
- **ETL Conformance:** ETL Listed – Conforms to UL 2056 Standard for Portable Power Packs.
- Label includes model, input/output ratings, capacity, manufacturer name, and country of origin.
- Uncaged Ergonomics LLC assumes no liability for any damage, loss, or injury arising from misuse, improper handling, modification, or failure to follow these instructions.
- This product is not a medical device and is not intended to diagnose, treat, cure, or prevent any medical condition.
- Use of this product constitutes acceptance of all safety and warranty terms outlined in this manual.
