Setup your Solar Wireless Security Camera S5

1 Ensure your S5 solar wireless security camera is fully charged before its first use.

LED Description	
Solid RED	Charging Battery
Solid BLUE	Battery Fully Charged

2 Ensure the Wi-Fi on your cell phone is set to 2.4GHz before starting the pairing process. (5GHz Wi-Fi and cellular data are not supported).

3 Use your cell phone's camera to scan the QR code, then download and install the Toucan App.

4 Open the app and create a free account. Make sure to select the correct region (North America for the U.S.).

5 Tap 'Home,' then tap the '+' button to add a device.

6 Press and hold the SET button until the LED light blinks blue to enter setup mode.

7 Follow the instruction in the Toucan App to complete the setup

LED Description	
Flashing BLUE	Setup Mode
Flashing PURPLE	Connecting to cloud server, DO NOT TURN OFF POWER
Flashing RED	Connection Failed

Regulations & Compliance

FCC Statement

Warning: Changes or modifications to this unit not expressly approved by the party responsible for compliance could void the user's authority to operate the equipment.

NOTE: This equipment has been tested and found to comply with the limits for a Class B digital device, pursuant to Part 15 of the FCC Rules. These limits are designed to provide reasonable protection against harmful interference in a residential installation. This equipment generates, uses and can radiate radio frequency energy and, if not installed and used in accordance with the instructions, may cause harmful interference to radio communications.

However, there is no guarantee that interference will not occur in a particular installation. If this equipment does cause harmful interference to radio or television reception, which can be determined by turning the equipment off and on, the user is encouraged to try to correct the interference by one or more of the following measures:

- Reorient or relocate the receiving antenna.
- Increase the separation between the equipment and receiver.
- Connect the equipment into an outlet on a circuit different from that to which the receiver is connected.
- Consult the dealer or an experienced radio/TV technician for help.

This device complies with Part 15 of the FCC Rules. Operation is subject to the following two conditions:

- (1) This device may not cause harmful interference.
- (2) This device must accept any interference received, including interference that may cause undesired operation.

RF Exposure Compliance

This equipment complies with FCC radiation exposure limits set forth for an uncontrolled environment. This equipment should be installed and operated with minimum distance 20cm between the radiator and your body.

Limited Warranty

Please register to activate your 1-year free warranty within the App or by visiting our website: www.toucansolution.com. Proof of purchase in the form of a bill of sale or receipted invoice, which is evidence that the unit is within the warranty period, must be presented to obtain warranty service.

VuPoint Solutions and VuPoint (Europe) Company Limited (herein referred to as "VuPoint", "us", "we", or "our") warrants this Toucan Product (including any included accessories) against defects in material and workmanship as follows:

For 1 year (12 months) from date of original retail purchase of this Product, if Product is used primarily for personal, family, or household purposes ("Household Consumer Use"), VuPoint will repair or replace the Product, at its sole discretion, if the Product is determined to be defective due to material or workmanship.

If Product is used for any other purpose than Household Consumer Use, including but not limited to commercial, industrial, or other non-household purposes, VuPoint will repair or replace the Product at no charge, at its sole discretion, if the Product is determined to be defective due to material or workmanship.

Before returning the product, please contact us for help and support. Details of your local customer support can be found on our website: www.toucansolution.com

To obtain warranty services, you must deliver the Product at your cost in either its original packaging or packaging that affords equivalent degree of protection as the original packaging to the VuPoint service facility. Please deliver the Product with an explanation of the defect, the dated sales receipt, a return address, and contact details. Please allow 7 working days for the Product to be tested for defects.

This warranty does not cover customer instruction, installation, set up adjustments or signal reception problems. This warranty does not cover cosmetic damage or damage due to acts of God, accident, misuse, abuse, negligence, commercial use, or modification of, or to any part of the Product. This warranty does not cover damage due to improper operation or maintenance, connection to improper voltage supply, or attempted repair by anyone other than VuPoint service center. This warranty does not cover Products sold AS IS or WITH ALL FAULTS, or consumables (such as fuses or batteries). This warranty is invalid if the factory applied serial number has been altered or removed from the Product.

REPAIR OR REPLACEMENT AS PROVIDED UNDER THIS WARRANTY IS THE EXCLUSIVE REMEDY OF THE CONSUMER, VUPOINT SHALL NOT BE LIABLE FOR ANY INCIDENTAL OR CONSEQUENTIAL DAMAGES FOR BREACH OF ANY EXPRESSED OR IMPLIED WARRANTY ON THIS PRODUCT, EXCEPT TO THE EXTENT PROHIBITED BY APPLICABLE LAW. ANY IMPLIED WARRANTY OR MERCHANTABILITY OR FITNESS FOR A PARTICULAR PURPOSE ON THIS PRODUCT IS LIMITED IN DURATION TO THE DURATION OF THIS WARRANTY.

Some regions do not allow the exclusion or limitations of incidental or consequential damages or allow limitations on how long an implied warranty lasts, so the above limitations or exclusions may not apply to you. This warranty gives you specific legal rights, and you may have other rights, which may vary from region to region.

Warranty may vary according to local applicable law, please visit the website to ascertain warranty services in your region.

For troubleshooting information and frequently asked questions, please visit our website or contact customer support, details of which can be found on our website for your region.

Install your Solar Wireless Security Camera S5

- Choose a suitable outdoor location where the solar panel will receive maximum sunlight.
- Ensure the solar panel is fully exposed to direct sunlight for at least 2 hours per day.
- Mount the camera at a height of 2-3m (7-10 feet) from ground level

1 Mark the holes

2 Drill the holes

3 Insert anchors

4 Install the wall bracket on the wall using the screws.

5 After attaching the camera to the mount, slide the mounting arm into the wall bracket.

6 Loosen the lock to adjust the angle. Once adjusted, tighten the lock.

For detailed setup procedure, please refer to the Toucan website (www.toucansolution.com) Or scan the QR code.
