

Putting on your Earbags® is as easy as
1, 2 3:

1. Flex open your Earbags®. This will create a little pocket.

2. Starting at the top of your ear, scoop the Earbags® over your ear and twist them over to encompass your ear and earlobe.

3. Gently push against the Earbags®. You'll feel a little "click" and you'll know it is on securely.

HOW TO WEAR EARBAGS

Flex open
Earbags®

Scoop over ear

Gently push down
to snap in place
