

**Q.** How do you open the Revers-a-Brella Compact umbrella?

**A.** Before pressing the silver auto open button, make sure the panels of the umbrella are not stuck together. Simply shake the umbrella out, face the umbrella straight up, and press the silver auto open button located on the handle.

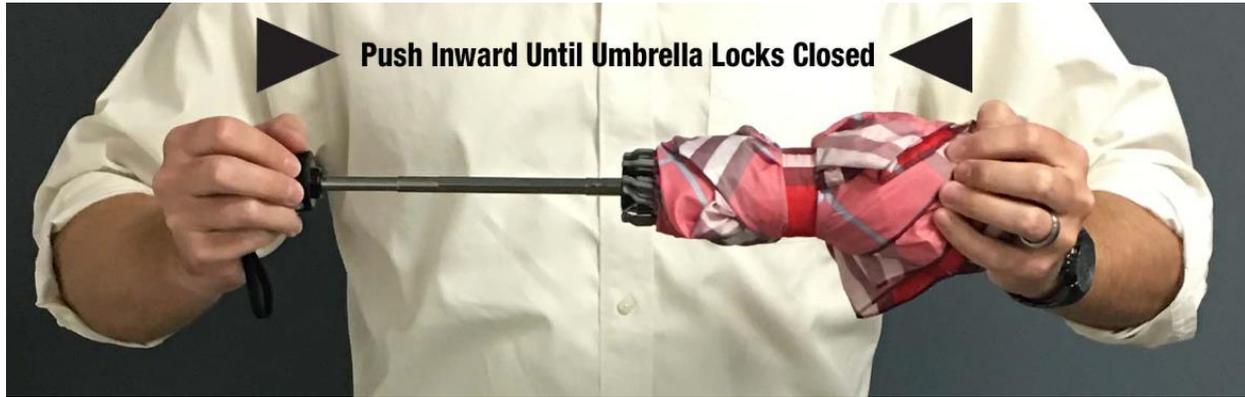

**Q.** How do you close the Revers-a-Brella Compact umbrella?

**A.** To close the umbrella, press the auto close button located on the handle. This is the same button as the auto open button. Next hold the umbrella in a horizontal position and push the umbrella down to the handle using both hands until the umbrella locks into the closed position.  
**NOTE:** Do not try to manually close the umbrella as this may cause damage to the umbrella.

**Q.** My Revers-a-Brella Compact umbrella opened inside out, is it broken?

**A.** No, your umbrella is not broken. To open the umbrella correctly, fully close the umbrella by pressing the auto close button located on the handle and press the handle and umbrella together until the umbrella locks into the closed position. Open the umbrella again with the umbrella facing up and the umbrella should now open correctly.
