SCOTT LIVING MATTRESS BY RESTONIC

100 NIGHT IN-HOME TRIAL POLICY

Congratulations on the purchase of your new Scott Living Mattress by Restonic. Your mattress has been made with the finest quality, care, craftsmanship and newest technology to provide you with many years of restful sleep.

100 NIGHT POLICY DETAILS

This 100 night policy applies to the Scott Living Shippable Sleep Hybrid Mattresses by Restonic.

We hope you and your new mattress have many, many comfortable nights ahead. At first, your new Scott Living Mattress by Restonic may feel firm in contrast to what you have been sleeping on but within a short period of time, you will become adjusted to the feel of a properly supportive mattress. If you're not 100% satisfied with your new Scott Living Mattress by Restonic, please follow the steps below.

1. Plan to sleep on your new mattress for a minimum of 30 nights to allow your body to adjust to the improved comfort and support levels.
2. If you're not happy – for any reason – within the first 100 days, please contact your retailer.
3. One trial period per customer. 100 night trial applies only to the original purchaser and is non-transferable.
4. It's always a plus to protect your trial period with a quality mattress protector. We cannot accept returns of any product that is stained or otherwise damaged in a way that violates your warranty. Please refer to the Restonic Warranty Card for further details.

To determine the terms of your warranty beyond the 100 Night Trial Period, please refer to the Restonic Warranty included with your original purchase.

THANK YOU FOR YOUR PURCHASE
