# Shark®

## ROTATOR POWERED Lift-Away

## Congratulations!

Thank you for choosing the Shark® Rotator® Powered Lift-Away®, an innovative upright vacuum that offers **MOTORIZED** deep cleaning anywhere you want it. For more information, visit [sharkclean.com](http://sharkclean.com)

Let's Get Started »

## Fingertip Controls

Seamless transition between cleaning modes at the touch of a button

Thick Carpet / Area Rug

Carpet / Low Pile

Hard Floor

Best setting for high-pile and thick carpets, area rugs, and specialty carpets. If the vacuum is difficult to push or pull due to high suction. This setting produces reduced suction with motorized brushroll.

Best setting for low-pile and normal carpets. High suction with motorized brushroll. This is the default carpet setting.

Best setting for hard floors and when using accessories.

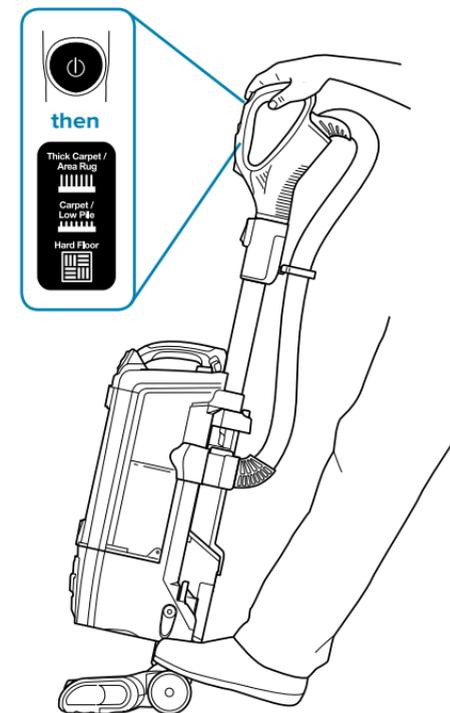

NOTE: For deep cleaning per ASTM F608 (embedded dirt in carpets) please set to Carpet/Low Pile

## LED Lights

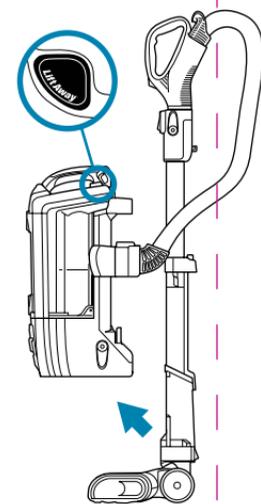

Spotlight hidden dirt and debris for a thorough clean

## Motorized deep cleaning anywhere you want it!

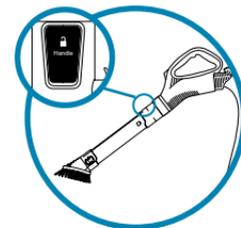

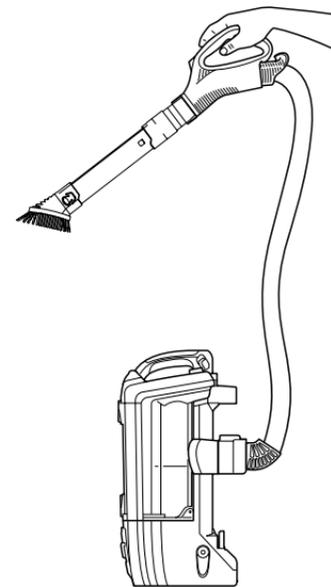

### Upright Mode

### Lift-Away® Mode

Use for portable cleaning on stairs or above floor

## Mini Motorized Brush

Cleaning, versatility, and power where a traditional vacuum head can't go.
