

Van Zyverden's
LILIES ORIENTAL FRAGRANT BLEND

Lilies are one of the truly great garden plants, and they are beloved by gardeners everywhere. Their beauty, diversity, extended season of bloom, graceful stature and overall reliable disposition reflect the fruits of hundreds of years of selective breeding. In Chinese, the word 'Lily' means 'forever in love'. The Liliaceae family is so large, varied, and complex that it is challenging to describe them in short. Lilies are deer and critter resistant. Plant them just about anywhere - borders, beds, cutting gardens, perennial gardens, pots and containers.

Fragrant flowers

Lavish exotic color

Perfect as a cut flower

About This Variety: This Oriental lily blend blooms mid to late summer, being the last of the lilies to bloom. They produce a spicy fragrance and are known as Jewels Of The Garden. Oriental Fragrant Blend is one of our best-known lily blends.

Growing Instructions: Plant in well-drained soil where they will receive 6-8 hours of sun a day. They are winter hardy and considered a strong perennial that can be left in the ground and will re-bloom year after year if the conditions are right. Keep them mulched well.

Care Tip: Lilies prefer cool soil, which argues for shade at their feet from low growing companions. When cutting the flowers for bouquets, remove no more than 1/3 of the stem so sufficient leaves remain to renew the bulb for the coming year.

Exposure: Full sun to partial shade

Height: Grows 36-48"

Spacing: Plant 6-8" apart, 6-8" deep

Hardy in: USDA zones 3-8

Guaranteed to grow 1 year from purchase if directions are followed. Any concerns related to quality and/or counts feel free to contact us.
