

*Van Zyperden's*  
**SPIRAEA VAN HOUTTEI**

This shrub is a noteworthy vase-shaped, deciduous shrub with substantial branching that arches gracefully towards the ground. It is particularly noted for its showy spring blooms. Grows to heights of up to 10 feet tall and 20 feet wide, so choose a planting area that has plenty of space to accommodate the plant's mature size. It's a vigorous grower and a real bang for the buck! NOTE: What we ship is two year old ROOT STOCK, ranging 12-18" in height and is not a fully grown foliated potted plant.

---

*Great as a specimen,  
mass plantings  
or used as a hedge*

*Attracts butterflies galore*

*Vigorous, fast grower*

---

*About This Variety:* Vanhouttei Spirea - better known as bridal wreath - a hybrid, produces a massive display of graceful, white flowers. Yet, its green foliage turns an orange-red color with purple hues in the fall.

*Growing Instructions:* Dig a hole about a foot deep and a foot wide. Set the plant in the hole and fill it half full with soil. Water. After water is drained, fill the rest of the hole with the remaining soil. Then water thoroughly again and continue doing so regularly. Fertilization may be necessary.

*Care Tip:* Prune as needed immediately after flowering.

*Exposure:* Full sun

*Height:* Grows 5-8' tall

*Spacing:* Plant- 7-10' apart, crown at soil level

*Hardy in:* USDA zones 3-8

Guaranteed to grow 1 year from purchase if directions are followed. Any concerns related to quality and/or counts feel free to contact us.
