THIS SELECTION CONTAINS	5 x non-scented Allium 'Red Mohican' (10/+cm bulbs) with round heads of red flowers.
ON ARRIVAL	 • Open packaging immediately upon arrival to allow air to circulate around the bulbs. • Ideally, plant your bulbs as soon as possible. • If planting is delayed, store in a dark, cool and frost-free place until you are ready.
WHERE TO PLANT	<u>PLANTING IN-GROUND (BED OR BORDER)</u> • Plant bulbs in 6" deep holes. • Set a bulb in the centre of each and cover with crumbled soil. • Water well with a watering can fitted with a sprinkler. • Space individual bulbs 8" apart. <u>PLANTING IN CONTAINERS OR BASKETS</u> • Pot bulbs into containers filled with well-drained compost – one is perfect in a 6" wide pot. • Fill the pot with compost and dig a 6" deep hole. • Pop the bulb in the hole. • Cover, firm the surface and water well.
WATERING	Water immediately after planting, and water regularly during the growing season, especially during hot, dry spells to prevent a check to growth and to ensure continual flowering.
PRUNING / TRIMMING	Cut down old flower stems in early autumn to prevent self-seeding.
FEEDING	No feeding required.
WINTER CARE INSTRUCTIONS	No special care required for plants in the ground. Move plants in pots to a frost-free place, such as a greenhouse, cold frame or front porch.
