

A) Manual On/Off: Turns the fountain on and off without any timer. Can be used when extended run times are desired. **Note:** Fountain will run until the battery loses its charge.

B) 1-4 Hour Daily Timer: Runs the fountain for 1-4 hours with automatic shut off and will automatically turn your fountain on at the same time the next day for the interval you selected.

C) Press the C Button to scroll through the 10 different patterns.

D) LED Light Control: Press once LED Lights on. Second press LED Light Show (LED Lights will flash in different light patterns according to different fountain patterns). Third press will turn off LED Lights.

Status Light: Status light will blink for the number of hours you have selected when using the timer functions (button B)

LED Light features will automatically turn off whenever your fountain automatically or manually shuts off (including any timer setting).
