B	Bottom Pole	1
C	Finial	1

## Assembly

---

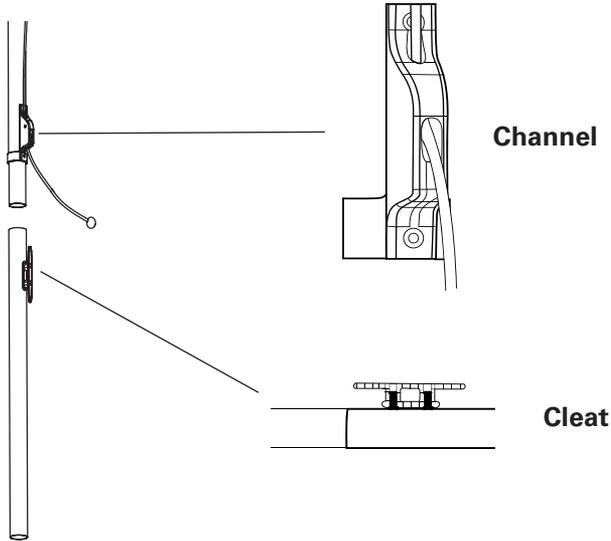

**Step 1:** Attach the finial to the umbrella top (if unattached) by screwing the finial onto the threaded top. Twist until secure but do not over tighten.

**Step 2:** Insert the bottom pole into the upper pole while pressing the snap button on the upper pole until the snap button locks into position.

## Assembly

---

**Step 3:** To open the umbrella, pull down on the rope to open the umbrella canopy. Push the rope into the channel to lock the rope in position. Wrap the excess rope around the cleat. To close, unwind the rope from the cleat and slowly pull the rope horizontally releasing the rope from the channel. The canopy will close by itself.

**Step 4:** You can tilt the umbrella to your desired angle while pressing the tilt button to release the umbrella top. Release the button to maintain the desired angle.

**We recommend that you insert the umbrella into an umbrella base or table (not included) to help secure it.**
