

# PLANTER POUCH

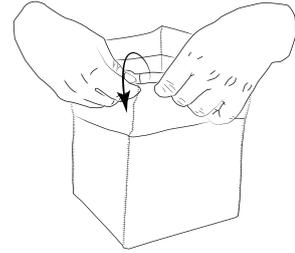

• Cube & Sack Folding & Care Instructions •

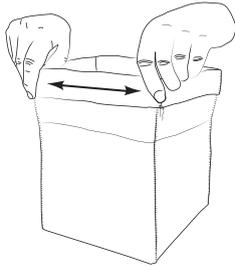

1. Find the corner or seam.

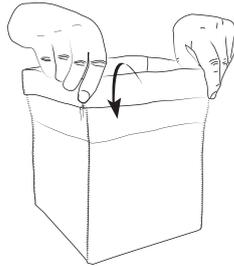

2. Grip with two fingers on both sides of the corner or seam.

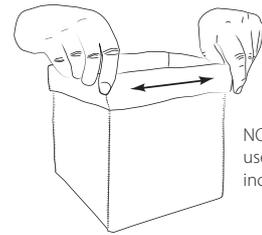

3. Make your first fold outwards and repeat the folding process for each corner.

4. Pull snugly at each corner to eliminate creases in your fold.

5. Make a second fold equal in size to the first fold.

6. Snugly pull on each corner to eliminate the remaining creases in your folds.

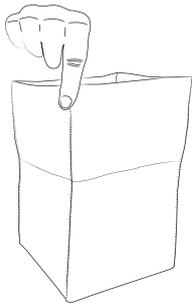

NOTE: For indoor use, insert the included clear liner.

**Care:** If you are using your Planter Pouch outdoors, do not use the included clear liner. Water will drain out from the bottom. If you are using your planter pouch inside, insert the included clear liner before planting or inserting pots. Washing Machine Safe: Wash on delicate cycle in cold water and air dry.
