

# GROWING HAPPINESS, THANKS TO YOU...

To Our New Avant Flora Gardener,

A sincere thank you from the entire team at Avant Flora. Our mission has always been focused on spreading the love and passion we have for gardening, and your support allows us to keep pursuing that purpose.

Here at Avant Flora, we take pride in our carefully chosen selection of plants and blooms. Not only are they vibrant and gorgeous, but our plants are also easy-to-grow and care for. We get that in today's fast-paced world, combining style with convenience is key.

Thanks once more for choosing Avant Flora. We are genuinely thrilled to be a part of your new gardening tradition and we hope your time spent planting & watching the flowers grow bring you moments of peace and relaxation.

Happy Gardening!

The *Avant Flora* Team

## OUR GOAL IS YOUR GARDENING SUCCESS

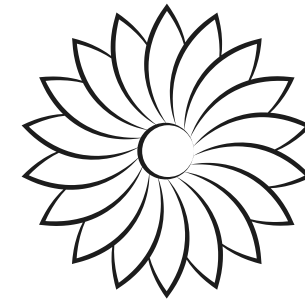

Avant Flora assures your satisfaction on annuals for 90 days and perennials for 1 year from the time of shipping. If you're dissatisfied, Avant Flora will replace your plant with a similar or comparable one at no charge. If your replacement is unavailable or it's too late to ship, it will ship the following shipping season.

Please email us if you have any questions or need gardening coaching with our product(s).

For additional plant care & information, please visit our website.

# Game Changer Hydrangea

## What a Beautiful Bloom...

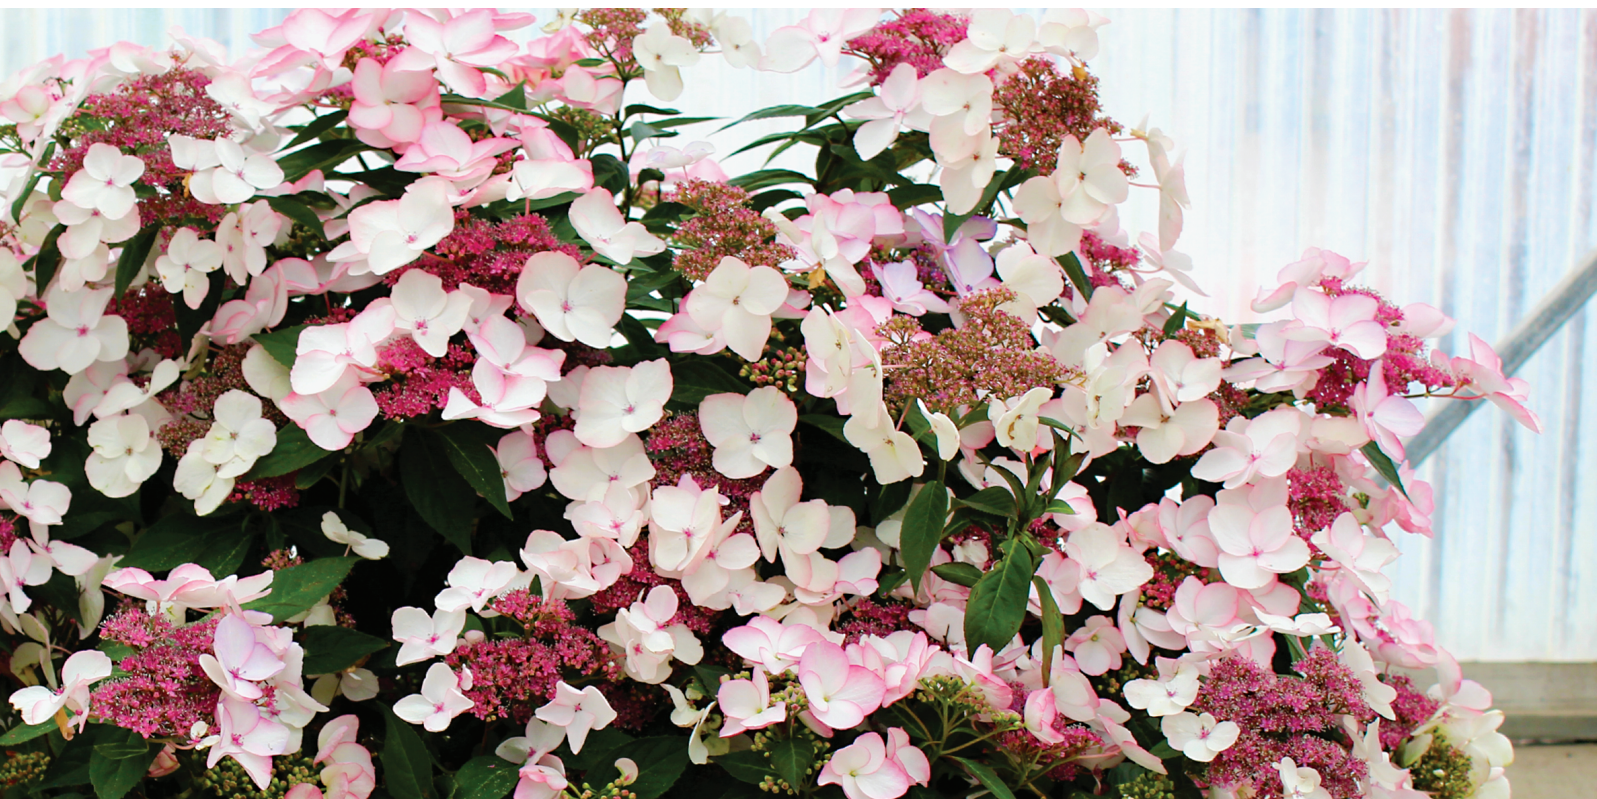

Meet the Game Changer Hydrangea – the ultimate bloom revolution! This Hydrangea is a groundbreaking marvel, boasting continuous blooms that defy climate constraints, setting flowers on new stems for a non-stop floral display. Revel in the beauty of large, soft lace cap flowers that never fail to impress, providing you with the perfect blooms for your next bouquet or floral basket!

## PLANT REFERENCE GUIDE:

**PLANT TYPE:** Perennial  
**LIGHT / SUN:** Bright Shade  
**USDA ZONE:** 5 to 11  
**HEIGHT:** 2 to 4 Feet  
**WIDTH:** 2 to 4 Feet  
**BLOOM TIME:** Spring to Fall

## QUICK TIPS & ADVICE:

- Plant in a spot that receives bright, indirect and/or reflected light; direct sun may burn the foliage.
- Keep the soil continuously moist.
- Space your plants at least 36 inches apart to allow growth.
- The first daylength-neutral hydrangea - blooms from spring right into fall!

## 3-PIECE COLLECTION INCLUDES:

- Hydrangea macrophylla Game Changer 'Pink'
- Hydrangea macrophylla Game Changer 'Blue'
- Hydrangea macrophylla Game Changer 'Picotee'

## PLANTING INSTRUCTIONS:

1. Unpack and water immediately. Until ready to plant, keep plants in a bright indoor location & water frequently to prevent soil drying. Wait to plant until after the last frost.
2. Choose a planting location based on your plants' needs. This collection likes full sun to part shade. They will also need about 3 to 4 feet of space to grow.
3. Prepare the ground. Remove nearby weeds and grass. Mix in compost or a slow release fertilizer.
4. Dig a hole twice as wide and twice as deep as the pot.
5. Remove your pot by laying it sideways; gently massage the pot, then slowly slide it from the root ball.
6. Hold the plant in the dug hole & match the plant's soil level with the ground.
7. Fill hole with loose soil and press softly, but firmly to compact the plant base.
8. Water thoroughly right away.

## CONTINUING CARE:

- Water frequently the first few weeks after planting and during dry spells.
- Apply slow-release fertilizer seasonally.
- The more acidic the soil, the bluer your hydrangeas will turn out - try out a soil acidifier to strengthen the bold blue!
- Plants will attract butterflies, hummingbirds, and other pollinators.
- Flowers can be fresh-cut or dried.
