

## **DIRECTIONS FOR USE**

Spray GP66 Miracle Cleaner directly onto the surface to be cleaned, or apply to a soft cloth and wipe the surface evenly. Allow product to sit for 1–2 minutes, then wipe clean with a paper towel, soft cloth, or damp sponge. Repeat if needed.

For heavy or caked-on grease and dirt, additional dwell time and light agitation may be helpful. Use a soft-bristle brush or gently scrape as needed. On appropriate surfaces, a green non-scratch scouring pad may be used.

## **SURFACE GUIDELINES**

Safe for use on many washable surfaces, including countertops, appliances, cabinets, stainless steel, tile, grout, vinyl, sealed wood, glass, and plastic. Use diluted on painted and varnished surfaces. For polishing aluminum surfaces, dilute 1/2 oz per gallon of water.

Always test on an inconspicuous area before first use.

## **DILUTION GUIDELINES**

- Heavy-duty cleaning: Use full strength
- General cleaning: Dilute 4–8 oz per gallon of water
- Light cleaning: Dilute 1–2 oz per gallon of water
