

## Dust-Away™ Attachment

The **ULTIMATE** White Sock Clean

Picks up large debris & wipes away fine dust in one easy step.

Washable Microfiber Pad

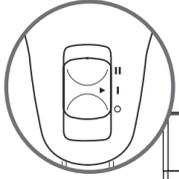

The power of a full-size vacuum in the palm of your hand. Deep cleans better than non-motorized tools.

## Versatile Floor to Ceiling Cleaning!

### Setting I

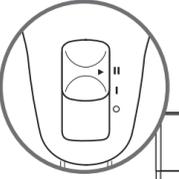

Gentle on bare floor and delicate area rugs.

The brush roll will spin slowly to help with debris pick-up.

### Setting II

Deep cleans carpets by removing embedded dirt.

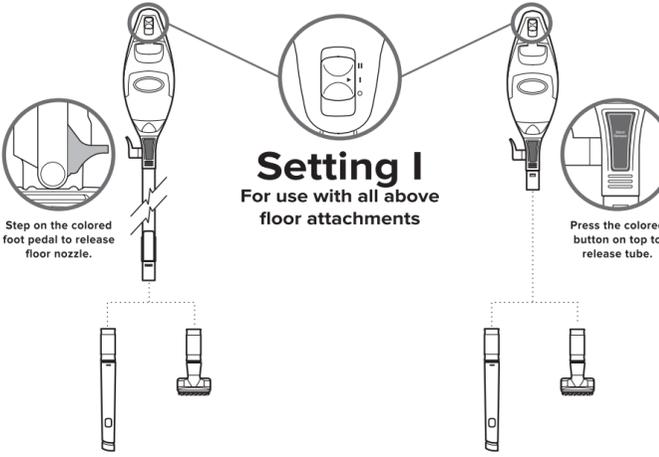

The brush roll will spin faster to help pick up debris below the surface.

## Floor Cleaning

Optimized for bare floor, delicate area rugs, and carpet cleaning.

## Setting I

For use with all above floor attachments

Step on the colored foot pedal to release floor nozzle.

Press the colored button on top to release tube.

## Above Floor Cleaning

The convenience of a handheld vacuum that also cleans up above floor and in tight spaces.

## Storage Options

### Compact Storage

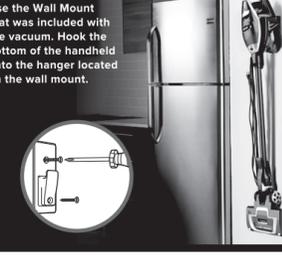

Separate handheld and hook it to the hanger on the tube near the floor nozzle.

Storage hook on bottom of handheld.

Hanger on bottom portion of tube.

### Hang on Wall Mount

Use the Wall Mount that was included with the vacuum. Hook the bottom of the handheld onto the hanger located on the wall mount.

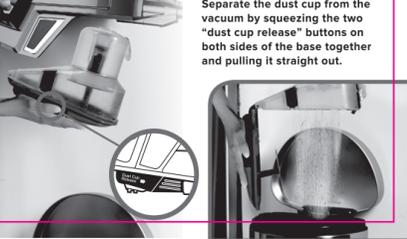

## Emptying Dust Cup

Empty the dust cup every time debris reaches the MAX fill line

### Option 1: Handheld

### Option 2: Removing Dust Cup

Separate the dust cup from the vacuum by squeezing the two "dust cup release" buttons on both sides of the base together and pulling it straight out.

## Easy Assembly

Insert the tube into the floor nozzle connector.  
 Insert the handheld portion into the top of the tube.

Click!

Click!

### Cleaning the Filters

Tap loose dirt from both filters as needed.  
**MONTHLY:** Rinse the foam and felt pre-motor filters and allow to air dry completely.  
**YEARLY:** Rinse the post-motor filter once a year and let air dry completely.

Attaching On-Board Storage

Snap clip on to the tube. Store one accessory on top holder and one accessory on bottom holder.

pre-motor filters

post-motor filter

## Accessories

Can be attached to tube and handheld to clean anywhere, in any mode!
