

## V34147 - Furniture Trolley 16-piece Furniture Moving Set FAQ's

Q. Can the Trolleys turn?

A. Yes! When the Trolleys are under your furniture, simply turn them by gripping the knob and pointing it in the direction you want to go. Adjusting the direction this way, instead of swiveling, gives you maximum control to allow you to move your furniture in multiple directions.

Q. Will my furniture stay on the Trolleys?

A. Yes, if you place your furniture on the center of the black pad of your trolley they will naturally grip your furniture as you move.

Q. Can the Trolleys move large furniture?

A. Yes, the Trolleys are designed to deliver maximum heft with their compact size, the 4 trolleys together can carry a max. weight of 660 pounds and can carry a max. of 440 pounds for furniture with legs.

Q. Can I move across uneven floors?

A. Yes, each Trolley has 6 wheels on 3 axles, which allows them to glide over bumps and gaps.

Q. Can the Trolleys move furniture on carpets?

A. Yes, if you snap the carpet frames onto the bottom of the Trolleys it will allow you to move your furniture on carpets.

Q. Can the trolley's move different pieces of furniture?

A: Yes, the trolleys were designed to move all types of furniture throughout your home. We include the crowbar system to allow you to lift multiple pieces of furniture and place the trolleys underneath them.

Q. Does this system allow you to move furniture that does not have legs and sits flat on the ground?

A: Yes, the crowbar is designed to allow you to slide it underneath flat pieces of furniture and make it easy to lift the furniture and place the trolleys beneath. The Crowbar was designed to lift up to 330 pounds.
