## ROWENTA INTERNATIONAL ONE YEAR GUARANTEE

ROWENTA guarantees this product against any manufacturing defect in materials or workmanship during the guarantee period within those countries\* as stated in the country list ([www.rowentausa.com](http://www.rowentausa.com)), starting from the initial date of purchase or delivery date. The international manufacturer's guarantee covers all costs related to restoring the proven defective product so that it conforms to its original specifications, through the repair or replacement of any defective part and the necessary labor. At ROWENTA's choice, a replacement product may be provided instead of repairing a defective product. ROWENTA's sole obligation and your exclusive resolution under this guarantee are limited to such repair or replacement.

\*Where a product purchased in one listed country and then used in another listed country, the international ROWENTA guarantee duration is the one in the country of usage, even if the product was purchased in a listed country with different guarantee duration. The repair process may require a longer time if the product is not locally sold by ROWENTA. If the product is not repairable in the new country, the international ROWENTA guarantee is limited to a replacement by a similar or alternative product at similar cost, where possible.
