To add definition to your eyeshadow application, swirl the No-Tug® Crease Brush in a darker shade of your eyeshadow, then apply to your crease area using back-and-forth windshield wiper like motions.

NO TUG® AIRBRUSH ALLOVER EYESHADOW BRUSH

1. Swirl the light shade and apply from lash line to brow bone.
2. Then dip the brush into your favorite eyeshadow and softly apply shadow over entire lid from your inner corner, upward to the crease and extend to opposite corner of your lid.
