Q: Can I use the **Emjoi® eRase** on my bikini line and underarm?  
A: Yes. Before removing hair from the bikini line or underarms it is important to use a loofa sponge in a warm shower or bath to remove dead skin and prevent ingrown hair. Since these areas can be sensitive, it is important to hold the skin taut.

Q: Will my hair grow back as fast as it does when I shave?  
A: No. With shaving you are cutting the hair at the surface, so hair grows back quickly. When you use the **Emjoi® eRase** it removes hair from the root so it takes longer, up to 4-6 weeks, to grow back.

Q: What if my skin becomes red after using the **Emjoi® eRase**?  
A: Whenever you remove hair from the root your skin may become red or irritated. To soothe irritation you can use lotion with aloe vera or antibiotic ointment.

Q: What can I do for ingrown hair?  
A: We recommend using a loofa or an exfoliation cream in the shower or bath to soften the skin and any ingrown hair, enabling the **Emjoi® eRase** to remove the hair from the root, if any irritation remains for more than 3 days, discontinue use and consult with your health care provider.

Q: I have varicose veins, can I use the **Emjoi® eRase**?  
A: Regarding any medical issues or questions, we strongly advise you to consult with your health care provider prior to use.

Q: Do I have to clean the **Emjoi® eRase**?  
A: Yes. We recommend that you clean your unit after each use. Before cleaning make sure to turn off your unit and if it is plugged in, unplug it from the electrical outlet. Remove the disc cover by squeezing both sides of the disc cover and pulling the tweezer head up. Using the brush, enclosed, remove hair on all sides of the discs. Place the tweezer head into the disc cover by gently pressing until it clicks into place.

Q: Should I let someone else use my **Emjoi® eRase**?  
A: No. For sanitary reasons, the **Emjoi® eRase** is only recommended to be used by one person.

#### Shaving Questions

Q: When should I use the shaving attachment?  
A: The shaving attachment is included you can have the ultimate hair removal experience. You can epilate, for long lasting results or shave; it is totally up to you.

Q: How do I change from the epilation head to the shaving head?  
A: Make sure that your **Emjoi® eRase** is in the "Off" position. Press the release button on the front of the unit and gently pull off the epilation head. Place the shaving attachment into the unit by pressing until it clicks into place.

**Note:** When placing the shaving attachment into the unit, make sure that the teethed wheel on the unit and the opening of the shaving attachment line up.

Q: What is the comb coming out of each side of the shaving attachment?  
A: That is a long hair trimmer to make shaving even more effective than the foil head alone.

Q: How do I clean the shaving attachment?  
A: It is recommended to clean the shaving attachment after each use. Use the cleaning brush, enclosed, to gently brush the hairs off the unit.

#### Before using your Emjoi® eRase, please read all these instructions carefully and completely.

The **Emjoi® eRase** is an amazing hair remover with 60 tweezer action discs to ensure rapid and non-irritating hair removal from the root for up to 6 weeks. With Precision Hair Removal Technology removing hair from the root has never been easier or more comfortable. Dual opposed heads stretch the skin to make the process extra gentle and the sensitive cover hides some of the tweezers and is great in sensitive areas. The included shaver head makes the eRase a complete smooth skin kit.

When using an epilator for the first time we suggest that you test the unit on an area that has light hair growth in order to get accustomed to the epilation process.

**Caution**  
Do not store or use your **Emjoi® eRase** where it can fall into a tub or sink of water. Do not reach for your unit if it has fallen into water, immediately unplug it.

**Caution**  
Before plugging into an electrical outlet, make sure that the adapter is appropriate for the local voltage. This is extremely important when traveling overseas.

#### Instructions for use

For best results: Take a warm bath or shower, to open up your pores, and use a loofa or exfoliation cream in small circles to exfoliate and remove dead skin from the area you wish to remove hair. Doing this before you use your **Emjoi® eRase** will cleanse and make your skin pliable, so removing hair will be less uncomfortable.

1. Use your **Emjoi® eRase** in a location that has a comfortable temperature to avoid perspiration.
2. Make sure that the areas you wish to remove hair from are clean, dry and free from moisturizing cream or oil.
3. Insert the adapter plug into the bottom of the unit.
4. Plug your adapter into an electrical outlet.
5. Remove the protective cap, by gently pulling, from your **Emjoi® eRase**.
6. To turn On your unit, press the safety switch lock and at the same time slide it up to the desired speed. Low is recommended for fine hair and high is recommended for coarse hair.

7. Hold the unit in your palm, at a 90° angle, so the Emjoi® logo is facing you.

8. Position your **Emjoi® eRase** so that the discs are upright, the Emjoi® logo should be facing you.

9. Hold the skin taut surrounding the area you are removing hair from.

10. Gently glide the **Emjoi® eRase** in short, quick, brush like or sweeping strokes in the direction of hair growth.

**Note:** For your protection, your **Emjoi® eRase** may slow down, or stop operating completely if it is pressed too hard against the skin.

11. Before removing hair from the bikini line and underarms it is important to use a loofa or exfoliation cream in a warm shower or bath to remove dead skin and prevent ingrown hair. If it has been an extended amount of time since you have removed hair from your bikini line and underarms, trim the hair with a scissor or trimmer. Make sure to hold your skin taut with one hand while removing hair.

12. When using on the face the **Emjoi® eRase** is only intended to remove individual hair from the upper lip and chin but you must hold the unit so only one of the epilation heads is parallel with the skin. Do not use both of the epilation heads on the face. Hold area taut and use a small brushing motion. Do not use like an electric shaver on your entire face!
13. Repeat within each area until all unwanted hair is removed. The time required to remove unwanted hair depends on the user's hair type.
14. After each use clean your **Emjoi® eRase**.
15. Keep the protective cap on your unit when it is not in use.

#### Using The Sensitive Cover

1. Place the sensitive cover over the head of the unit.
2. The sensitive cover hides some of the tweezers to make it more comfortable in sensitive areas like the upper lip, underarms and bikini line.
3. Hold the area taut and use a small brushing motion to remove unwanted hair.
4. Repeat within each area until all unwanted hair is removed.
5. Remove the sensitive cover and place the protective cap on the unit when it is not in use.

#### Cleaning

Regular cleaning and good maintenance ensures optimum results and will extend the lifetime of your **Emjoi® eRase**.

1. Before cleaning, make sure to turn off your unit and if you have it plugged in, unplug it from the electrical outlet.
2. Remove the epilation head by pressing the release button on the front of the unit.
3. Remove the disc cover by squeezing both sides of the disc cover and pulling the tweezer head up.

#### Using The Shaving Attachment

1. Make sure that your **Emjoi® eRase** is in the "Off" position.
2. Press the release button on the front of the unit and gently pull off the epilation head.
3. Place the shaving attachment into the unit by pressing until it clicks into place.
- Note:** When placing the shaving attachment into the unit, make sure that the teethed wheel on the unit and the opening of the shaving attachment line up.
4. Repeat within each area until all unwanted hair is removed.
5. Hold the **Emjoi® eRase** at a 90° angle to the skin. Gently move it against your skin allowing the foil to trap the hair and smooth away any stubble.

#### Cleaning The Shaving Attachment

It is recommended to clean the shaving attachment after each use. Use the cleaning brush, enclosed, to gently brush off any hair from the unit.

- Do not use your unit outdoors.
- Do not use your unit where aerosol products or oxygen is being used.
- Children should be supervised to ensure that they do not play with this appliance.
- Keep your unit out of reach of children.
- This appliance is not to be used on, by or near children or invalids.
- Only use this unit on clean, dry, lotion free skin.
- Do not use water or any other liquid on the tweezers other than rubbing alcohol.
- **To prevent accidents and injury to you or damage to the unit** - when your **Emjoi® eRase** is in use, keep it away from the hair on your scalp, your eyebrows, eyelashes as well as clothes, brushes, wires, cords, shoelaces etc.

- Do not use the **Emjoi® eRase** if you have - allergic or sensitive skin that reacts to cosmetics, metals, clothing, etc., acne, body acne, warts, around moles and loose skin, diabetes, Raynaud's disease, eczema, psoriasis, hemophilia, immune deficiency, rosacea, couperose, varicose veins, wounds or when your skin has rashes or is sunburned, inflamed or irritated. Consult with your health care provider prior to use if you have any of the above conditions.
- Do not use the unit before or during menstruation, during pregnancy or for one month after giving birth unless you consult with your health care provider prior to use.
- Changes in your hormone levels (taking hormone medication, recently pregnant) can influence the color or thickness of hair growth. These changes are not caused by this product but hormonal changes.
- If you have any medical conditions, issues, questions or any sensitivity whatsoever we strongly advise you to consult with your health care provider before using this product.
- If you have a pacemaker consult with your health care provider prior to use.
- If you are epilating for the first time, we recommend doing it in the evening so any possible redness or irritation can go away overnight. We suggest testing the unit gradually over a period of two to three days to allow your skin to adjust.
- If you have never epilated before (or if it has been an extended time since you epilated) you will feel a prickling sensation when using the unit. This feeling is due to the fact that you are removing hair from the root. After a few sessions the sensation you feel should diminish.
- Removing hair from the root can cause ingrown hair and skin irritation (redness of the skin, discomfort, itching). If you know that you are prone to ingrown hair, removing hair from the root may not be for you. Regular skin massaging with a massaging glove or loofa, may help reduce the chance or occurrence of ingrown hair. After using the epilator you can use body cream or aloe vera to soothe the skin and any possible irritation.

- Using an epilator may cause redness or irritation of the skin. This is a normal reaction that will quickly disappear, but may be longer if you have very sensitive skin or are removing hair from the root for the first few times. If any irritation remains for more than 3 days, discontinue use and consult with your health care provider.
- Sometimes inflammation of the skin can occur when bacteria penetrates the skin. Cleaning the epilation head before and after each use can minimize the risk of infection.
- When using on the face the **Emjoi® eRase** is only intended to remove individual hair from the upper lip and chin but you must hold the unit so only one of the epilation heads is parallel with the skin. Do not use both of the epilation heads on the face. Hold area taut and use a small brushing motion. **The Emjoi® eRase is NOT an electric shaver and should NOT be used like and electric shaver on your entire face!** Using the **Emjoi® eRase** like an electric shaver, without holding the skin taut, could potentially allow the **Emjoi® eRase** to pinch or grab the skin, which could potentially cause irritation and skin damage.
- Before removing hair from the bikini line and underarms it is important to use a loofa sponge or exfoliation cream in a warm shower or bath to remove dead skin and help minimize the chance or occurrence of ingrown hair. If it has been an extended amount of time since you have removed hair from your bikini line and underarms (if the hair is longer than 5mm), trim the hair with a scissor or trimmer. Make sure to hold your skin taut with one hand while removing hair. Some women may experience irritation after removing hair from the underarms and bikini line for the first time. We suggest testing the unit on a small part of the skin in these areas first.
- Do not continually rub the unit on the same area or apply strong pressure.
- Keep the protective cap on your unit when it is not in use.

#### Frequently asked questions

Q: Does the **Emjoi® eRase** hurt?  
A: The first time you use the **Emjoi® eRase** you might feel a prickling sensation, this feeling is due to the fact that you are removing hair from the root. After several uses, the tweezing becomes more comfortable even for those with sensitive skin.

Q: How should I hold the **Emjoi® eRase**?  
A: To minimize discomfort, hold the skin surrounding the area you are removing hair from taut. Gently glide, do not apply pressure, the **Emjoi® eRase** in short, quick, brush like or sweeping strokes in the direction of hair growth.

**Note:** For your protection, your **Emjoi® eRase** may slow down, or stop operating completely if it is pressed too hard against the skin.

Q: Do I have to use my **Emjoi® eRase** with the adapter?  
A: Yes. Your unit is electrically-operated and always needs to be plugged into the electrical outlet when in use.

Q: Can I use the **Emjoi® eRase** on my upper lip?  
A: Yes, the **Emjoi® eRase** can be used to remove individual hair from the upper lip and chin but you must hold the unit so only one of the epilation heads is parallel with the skin. Do not use both of the epilation heads parallel with the skin. Do not use the sensitive cover onto the head of the unit. This will hide some of the tweezers to make it more comfortable in sensitive areas. Hold area taut and use a small brushing motion.

Q: Can I use the **Emjoi® eRase** anywhere on my face?  
A: No. When using on the face the **Emjoi® eRase** is only intended to remove individual hair from the upper lip and chin but you must hold the unit so only one of the epilation heads is parallel with the skin. Do not use both of the epilation heads on the face. When removing hair from your upper lip and chin, hold skin taut and use short brushing motions. Do not use the **Emjoi® eRase** like you would an electric razor on your entire face.
