# Volumizer Heat Brush

## HOW TO USE

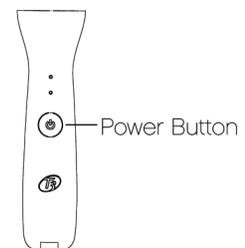

- 1 Press the power button to turn the brush on. It will automatically go to the Low heat setting. When the flashing light turns solid, the brush is ready to use.

- 2 To select the High heat setting, press the button again. Both lights will begin to flash, and then turn solid when the brush is ready to use.

- 3 To turn the brush off, press and hold the power button until all lights turn off.

**NOTE:** The unit will automatically turn off after 1 hour of non-use. To turn it back on, press the power button.
