

- Remove the Micro-Pedi Micro-Mineral roller from the replacement container (fig. 12), by pressing the bottom with your pointer finger and catching it in the palm of your opposite hand.
- Place a new Micro-Pedi Micro-Mineral roller into the unit until it clicks into place. Be sure to insert the new Micro-Pedi Micro-Mineral roller into the unit with the thinner side going into the unit (fig. 13 & 14).
- After placing a new Micro-Pedi Micro-Mineral roller into the unit check that it has been firmly installed with no signs of shaky or loose parts (fig. 15).

P. 7

CLEANING

The **Emjoi® Micro-Pedi** is water resistant. It can be rinsed under water for cleaning but it is not water proof. Do not submerge the unit into water on purpose as this may cause defects to the unit. **Micro-Pedi Micro-Mineral rollers should not be placed into water.**

- Turn the unit off.
- Remove the protective cover and the Micro-Pedi Micro-Mineral roller from the unit.
Note: Micro-Pedi Micro-Mineral rollers should not be placed into water.
- Rinse the unit under the tap for 5-8 seconds. Wipe the body of the unit with a clean dry cloth.
- Replace the protective cover.

P. 8

P. 11

Battery Operated

GENERAL DESCRIPTION OF PARTS

P. 1

Emjoi® Micro-Pedi is an innovative device created to smooth dry, rough and calloused skin on the feet. Unique roller spins 360 degrees, at an amazing 30 times a second, to gently and effectively buff away hard, jagged skin on the soles and heels. **Emjoi® Micro-Pedi** works faster and is much safer than metal scrapers, with no blades to cut the skin, and easier to use than other methods, that require constant rubbing to achieve results. The kit includes 2 extra coarse (blue) and 2 super coarse (golden blue) micro-mineral rollers to suit all types of foot needs. It is battery-operated and gives salon quality results in seconds.

Each Emjoi® Micro-Pedi Micro-Mineral roller is recommended for one person only. For hygienic reasons, the Micro-Pedi Micro-Mineral roller should not be shared with others.

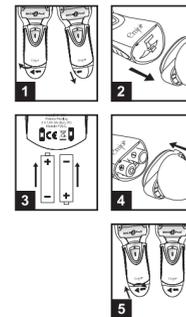

P. 2

INSTRUCTIONS FOR USE

Before using your **Emjoi® Micro-Pedi**, please read this instruction manual carefully and completely.

Battery Installation

- Remove the battery cover (bottom cap of the handle) by turning it 90 degrees to the left until it clicks into place (fig. 1) and then pull it down (fig. 2).
- Insert 2 AA alkaline batteries into the battery compartment. **Please follow the battery direction sign (fig. 3) that is printed on the back of the handle.**
- Close the battery cover by turning it 90 degrees to the right (fig. 4) until the cover clicks into place and locks (fig. 5).

P. 3

HOW TO USE

Emjoi® Micro-Pedi is designed for smoothing coarse skin on the feet and heels (fig. 6). **Do not use this device anywhere else on the body.**

Note: Only use Micro-Pedi Micro-Mineral rollers on dry skin.

- Wash and clean the skin and dry fully.

Note: Do not use on broken or bleeding skin.

- Select the **Micro-Pedi Micro-Mineral roller** you want and place it into the unit.
Extra Coarse (Blue) Micro-Mineral Roller – great for all types of rough, calloused and dry skin.
Super Coarse (Golden Blue) Micro-Mineral Roller – perfect for extremely rough, calloused and dry skin. Men love these rollers.

See section of **Changing the Micro-Pedi Micro-Mineral Roller** on how to remove and replace the roller.

- Remove the protective cover from the unit and it is ready to use.

P. 4

CHANGING THE MICRO-PEDI MICRO-MINERAL ROLLER

The **Micro-Pedi Micro-Mineral roller** contains fragile parts, please handle them with care. Please take extra care when replacing the **Micro-Pedi Micro-Mineral roller**.

Note: **Micro-Pedi Micro-Mineral rollers** that are broken or worn could cause damage to the skin.

Change the **Micro-Pedi Micro-Mineral roller** as needed for best result. Rollers last for a few sessions depending on frequency of use and size of area being treated. Replace as needed.

Replace the **Emjoi® Micro-Pedi Micro-Mineral roller** when you find any defects to the roller or when you find them less effective.

Make sure the unit is turned off before replacing the **Micro-Pedi Micro-Mineral roller**.

- Pull down the release button, on the side of the unit, while the end cap is facing up and the **Micro-Pedi Micro-Mineral roller** will pop out (fig. 9 & 10).
- After the **Micro-Pedi Micro-Mineral roller** pops out, remove it from the cylinder holding the end cap of the **Micro-Pedi Micro-Mineral roller** (fig. 11) and dispose of it.
