

# LUMINESS AIR®

## HOW TO APPLY

### STEP ①

#### ALWAYS SHAKE YOUR MAKEUP

Shake your airbrush cosmetics for a minimum of 5-10 seconds before each use.

### STEP ②

#### TURN ON YOUR SYSTEM

Plug in your system to an electric outlet and power on the airbrush system.

### STEP ③

#### DISPENSE AIRBRUSH FOUNDATION

Place 4-6 drops of airbrush foundation into the stylus cup.

### STEP ④

#### GENTLY APPLY TO FACE AND NECK

#### IMPORTANT

Hold the airbrush as you would hold a pen, with a loose wrist. Find a comfortable grip and place your finger on the spray throttle. Use your finger to gently pull back on the spray throttle.\*

*\*Don't pull the throttle all the way back. Pull halfway back and apply multiple layers in a circular motion for best coverage.*
