BOUNCE BACK TO YOU!

Simple Steps to an Easy & Quick Beautiful You!

1. Begin by applying Flawless Finish Transforming Effect Foundation into the skin around the perimeter of the face and across forehead, nose, cheeks and chin. Apply with Mally's specially designed Foundation Brush for an instant airbrushed finish or use the compact sponge for on-the-go touchups.

2. Apply "Sand Drift" Evercolor Shadow Stick Extra all over the lid from lash line to crease. Blend. Apply along the lower lashes to open up your eyes.

3. Trace Evercolor Gel Waterproof Liner in "Graphite" along upper and lower lash line. Blend gently for a softer, smoky look.

4. Beginning at the base of the lashes, apply Pretty Perfect Lash Defining Mascara outward and upward toward lash tips, wriggling the wand slightly to help separate and coat lashes. Apply additional coats as desired to build impact.

5. Complete the look with Mally's new Bounce Back Blush in "Rose Petal Pink". Dab fingertip or blush brush into blush pot to pick up product, then apply to the apples of cheeks. Blend well for a natural looking flush. Using the smaller end of the blush brush, lightly sweep a small amount of blush over areas of the face you want to add an extra hint of radiance, like the brow bone and temples.
