

CLEANING

The **Emjoi® Micro-Pedi Tornado** should be cleaned after each use. It is not water resistant so do not submerge or rinse the unit in water as it will cause defects to the unit. **Micro-Pedi Extra Coarse Micro-Mineral rollers should not be placed in water.**

1. Turn the unit off and unplug it from the electrical outlet.
2. Remove the protective cover and the Micro-Pedi Extra Coarse Micro-Mineral roller from the unit.
3. Use the cleaning brush to remove any debris from the head of the unit and the Micro-Pedi Extra Coarse Micro-Mineral roller.
4. Remove the head by pressing the release button located on the front of the unit.
5. Use the cleaning brush to remove any debris from under the head of the unit.
6. Replace the Micro-Pedi Tornado head onto the unit by pressing unit it clicks into place.

Note: When placing the head on the unit, make sure that the teathed wheel on the unit and the opening of the head line up.

7. Wipe the body with a clean, dry cloth.
8. Replace the Micro-Mineral roller and the protective cover.
