Cushion Complexion

5 WAYS TO CREATE YOUR VERSION OF FLAWLESS

Get versatile coverage you can build and blend YOUR way. Layer on for more, sheer it out for less.

Apply where you need it, or all over as your foundation.
Use the cushion applicator to dot on the product and gently blend using your fingers.
Add another layer if needed until desired coverage is achieved.

During first use, twist bottom several times to prime. Product will dispense onto cushion tip applicator.

CONCEAL

Cover the look of imperfections with a natural-looking finish.

COLOR CORRECT

Cover the look of redness with Camellia Japonica Seed Oil.

ILLUMINATE

Using a shade or two lighter than your skin tone, highlight by applying to the high points of the face, like the bridge of the nose, top of cheekbones, forehead, and Cupid's bow.

BLURRING COVERAGE

Soft-Focus Powders help blur the look of imperfections while providing all-over coverage with a natural-looking finish.

BRIGHTEN

Formulated with Turmeric Extract to provide a brightening effect.
