

QVC FAQ's – Alpyn Beauty Melt Moisturizer

How is our package sealed?

Our Melt Moisturizer is sealed with a white screw-on lid which helps keeps the product airtight. We opted to not include any additional packaging to help reduce waste.

How do you apply Melt Moisturizer?

Smooth onto clean skin AM and PM. For added benefits, layer on top your favorite serum and/or eye cream. It is the last step in your skincare regimen.

What does the product smell like?

The melt moisturizer is a cleaner formula that is free from fragrance.

Will this product hydrate my skin?

Our melt-moisturizer is packed full of clinically-proven hydrating ingredients such as squalane and sodium hylauronate to help hydrate the skin to reduce the appearance of dry, fine lines and wrinkles. The product features a matte finish. It is designed to absorb quickly and dries matte versus leaving a residue behind on the surface of the skin.
